PRICE FIVE CENTS

YEAR IS SHORT FIVE INCHES OF RAIN; AUGUST COOL AND DRY

August became the fourth consecutive month with a shortage of rainfall here this year and left the first eight months of 1964 more than five inches short of rain, despite surpluses built up early in the year.

Snow and rain since January 1 has totaled only 23.47 inches at The Gettysburg Times weather station and that is 5.24 inches below normal.

Although the summer months of June, July and August were not the driest on record here, Gettysburg is short more than eight inches of rain since May 1. This year has seen the driest month of May on record here in more than 60 years, the driest June in a decade and July was short on rain as was August.

SIX MONTHS SHORT

Weather station records show that more rain fell here this summer than in 1930, the driest year on record in Gettysburg. The three-month total in 1930 was 5.59 inches. This year it was 6.96. Normal for the three months is 11.89 inches.

What has made the effects of this summer's drought felt more severely than in 1930 is the fact that, the years of 1961, 1962 and 1963 have been short of rain. In 1929, there was a surplus. The accumulated shortage of rain here for the last three years is 18.26 inches, almost a six-month supply.

This year's 5.24-inch shortage comes on top of that accumulation.

COOLEST SINCE '41

Only six days of measurable rainfall were recorded here last month. The total was 2.49 inches and the shortage for the month 1.73 inches.

Cool weather in mid-month made last month the coolest August here since 1946. There were only four days when the temperature was 90 or above and readings dropped to a low of 46 degrees, only 14 degrees above freezing. The high was 93 degrees on Saturday, August 22, just a week after the 46-degree reading.

Daily high reading averaged 61.5 degrees and the daily low average was 59.5 degrees, making the month's average temperature 70.5 degrees.

Urges Entries In Vegetable Division

Recalling the wide variety and excellent quality of the 125 exhibits in the vegetable division of the South Mountain Fair last year, Division Chairman Luther M. Lady today encouraged more competitors in the home garden contest in that division.

The home garden contest offers prizes for the best displays of 10 or more kinds of fresh vegetables to be shown in a box provided by the fair association. The display boxes may be secured from Chairman Lady on Friday or thereafter.

The first prize in the home garden competition is \$5 and there are four other cash awards offered.

Mr. Lady stressed the importance of displaying fresh but not overripe vegetables so that they will present the best possible appearance throughout the week.

Ronald L. Ditzler To Teach In Md.

Ronald L. Ditzler, son of Mr. and Mrs. Charles Ditzler, 59 E. Stevens St., who received his master of arts degree in music from Ohio State University in June, has accepted a teaching position in the junior-senior high school of North Harford County schools at Belair, Md. He will teach music.

Two years ago he was graduated from Gettysburg College with honors. He has been initiated into the honorary music fraternity, Pi Lambda Kappa.

Expect UAW, Chrysler Pact

DETROIT (AP)—Speculation mounted today in this automotive capital that the United Auto Workers Union and Chrysler Corp. may be a lot nearer agreement than UAW President Walter P. Reuther has indicated.

The speculation—and it was purely that—hinged on Reuther's assertion Monday night that President Johnson will keep a Labor Day speaking engagement in Detroit.

Until Reuther's "he will be here," there had been some doubt.

The speculators asked: Could any politician ask for a better Labor Day kickoff for a campaign than an announcement—on free nationwide television—that agreement had been reached on a contract anticipated to guarantee three years of labor peace in one of the nation's bellwether industries?

EXPECT 100 AT REUNION HERE OVER WEEKEND

Members of the World War Tank Corps Association will begin arriving in Gettysburg Thursday night for the biennial reunion, which was held last in Gettysburg in 1962. Approximately 80 reservations have been made so far for the event which will continue through Saturday night with the annual banquet in the Hotel Gettysburg. More than 100 are expected to attend the affair.

M. David DeTar, New Oxford, in charge of local arrangements, has announced that registration will begin Friday morning in the hotel lobby. A smorgasbord will be served Friday evening at 7 o'clock at the Gettysburg Country Club.

A tour of the York County Historical Society has been arranged for Saturday morning for the women accompanying the tank corps members. They will have luncheon at the Outdoor Country Club. Tank Corps members will meet in business session Saturday morning at 10 o'clock at the hotel.

A cocktail party will be held Saturday afternoon at 5 o'clock, followed by the banquet at 7:30 o'clock.

PITZER TRUCK BUSINESS SOLD

The H. Earl Pitzer trucking business at Aspers has been sold to H. C. Gabler, Inc., Chambersburg R. 3, and the new owners took over operation of the establishment last Friday, according to an announcement today at Chambersburg by Harold C. Gabler Jr., vice president.

The Chambersburg firm purchased the equipment, garage building at Aspers, the warehouse and all of the operating equipment of H. Earl Pitzer, Inc. Sixty trucks were involved in the transfer, terms of which were not announced.

The Gabler firm has been operating a general trucking business at Chambersburg since 1930. Mr. Gabler said that Russell Koontz, a bookkeeper for Pitzer, is the new manager at Aspers.

H. Earl Pitzer was said at his office to be in Pittsburgh today and was not available for any statement about his plans.

NOMINATE WEDNESDAY

The Gettysburg Youth Center will nominate officers at its meeting Wednesday evening at 7:30 o'clock at the center on N. Washington St., Mrs. Rex Maddox has announced.

Declares Early Famine Will Strike Billions In Asia, Africa, S. America

By ALTON BLAKESLEE
CHICAGO (AP)—A world famine striking "hundreds of millions or even billions of human beings" is near, a scientist-economist warned today.

"It will be the most colossal catastrophe in history," declared Dr. Raymond Ewell, vice president for research, State University of New York at Buffalo.

Such a famine in Asia, Africa and South America by the 1970s and later seems almost inevitable as expanding population outstrips food production, he told the American Chemical Society.

Dr. Ewell said the only immediate step open to avert it is for the United States and Europe to make outright Good Samaritan gifts of millions of tons of fertilizers to increase local food yields.

TWO INJURED MONDAY NIGHT IN CAR CRASH

Two persons were injured Monday night at 10 o'clock when their car skidded out of control off the Hanover-Carlisle Rd. a mile south of York Springs.

The accident was one of two on Route 94 investigated by state police Monday.

Ronald Lee Wiedner, 17, Gardner R. 2, driver of the car which went off the road near York Springs, suffered a broken right collarbone in the crash. A passenger, Ruth Ann Davis, 16, York Springs R. 2, suffered a laceration of the face, a broken jaw and chest injuries.

Damage to the car was estimated at \$700. The injured were brought to the Warner Hospital here in the York Springs firemen's ambulance.

CRASH NEAR X KEYS

No one was hurt and damage totaled \$150 in an accident at 2:40 Monday afternoon two miles south of Cross Keys on Route 94.

State police said a line of three of four cars was proceeding north when Florence R. Ritz, 56, New Oxford R. 1, attempted to pass the line. As the Ritz car reached the head of the column, Arla Mae Groft, 25, of 113 Third St., Hanover, whose car was in the lead of the group, began to make a left turn. Damage to the right door and panel of the Ritz vehicle was estimated at \$100 while damage to the left headlight and fender of the Groft vehicle was estimated at \$50.

Seminary Hosts Dinner Thursday

More than 50 workmen, all of whom were employed at the Lutheran Seminary this summer, will be guests at a "thank you dinner" in the refectory Thursday evening at 7 o'clock.

Clarence Benson, business manager at the seminary, said the school wished to express its thanks to all those who were engaged in renovation and remodeling work there this year. This is the second annual such dinner.

PLAN OPEN HOUSE

An open house for parents will be held at the day care center for migrants' children Wednesday evening from 7:30 to 9 o'clock at Trinity Lutheran Church in Arendtsville. With more than 20 youngsters enrolled, the center will be continued into October.

Accepts Lions' Gift To Town

The Young Women's Christian Association is many things to many people in Adams County, but not the same thing to everyone. To a weary shopper it is a place to rest a tired body or to meet a friend. To the older citizen, the "Y" is the "Golden Age Club" and retirement has been made sweeter because of the many ambitious activities this group has been responsible for since its origin only a few years ago.

To some the "Y" is a youthful agency working with teen-age girls. The six Y-teen groups comprised 142 girls from Grades Seven to 12 during the past school year and with the new year beginning an effort will be made to double that figure. To the teenager the "Y" is a stable link between disciplined childhood and youthful abandon, where a girl can learn to serve her community as well as herself in activities chaperoned by the Christian conscience of the "Y" purpose, "to build a fellowship and to grow in the knowledge and love of God."

To a newcomer to the county, the "Y" can be a place to make new acquaintances. A project of the public affairs committee that was begun last April under the direction of Mrs. W. W. Wood, the "Newcomers Club" has been most beneficial.

Any one of these examples would make the YWCA seem very worthwhile. But there is more. In a given year, 8,538 town and county people have attended 410 meetings and special activities in the YWCA building on Lincoln Square. Indeed the YWCA has proved its importance to community living. But the YWCA needs and wants to grow. It is constantly seeking to fulfill the needs of the community and yet it is forced by principal to operate on a limited budget.

Membership dues are a limited source of income to safeguard the organizations open door policy to minimize the possibility of a financial barrier to participation in any of its programs. The Annie Danner Club every year realizes approximately \$1,200 by serving the weekly Rotary Club dinners. Therefore, the United Fund is an important source of income each year for the YWCA.

ANOTHER SHOWER

Showers Monday evening added two-tenths of an inch to the rainfall total here while heavier showers fell in some parts of the county. Caststown had a brisk shower Monday afternoon and Monday evening the Orrtanna section received a badly needed shower that totaled about 1 1/4 inches.

SEEKS DIVORCE

Francis Wayne Knox, 318 E. Middle St., is seeking a divorce from Josephine Louise (Mallette) Knox, Gettysburg R. 3, according to papers filed in the prothonotary's office by Attorney Eugene R. Hartman. The couple wed December 23, 1957, in Emmitsburg. Desertion from November 25, 1960, is alleged.

TRACES GOLF IN U. S. FROM BOOM IN '20S

Golf, from the days of knickerbockers to the day of the \$200,000 tournament, was the topic of Rod Monday, professional at the Gettysburg Country Club, for a talk Monday evening to the Rotary Club at its dinner meeting in the Lamp Post Tea Room.

Started in the 1880s in the U. S. after being developed in Scotland, golf began to boom in the U. S. in the "Roaring Twenties." Monday told the Rotarians. In the 1920s "everybody seemed to have a pair of knickerbockers and a few golf clubs—at least a lot of people seemed to be joining country clubs. In fact there were more country clubs in the U. S. in the 1920s than there are today. But conversely there are more golfers today than there were in the 1920s."

Monday, a Californian, who began his golfing career as a caddy and became an assistant professional at 17, recalled the professional under whom he began golfing. "Tom Nichols was a Scotsman. In those days if you were not from Scotland you were not likely to get a pro job. He is now 80 and like a father to me.

HAGEN WAS IDEAL

"When I started as an assistant pro, Walter Hagen was my ideal. Bobby Jones, the great amateur, was a fascinating golfer. Those fellows were all individualists and very colorful. Hagen was more colorful than the top 10 today. They played more for the fun of it, possibly because there was not the money involved there is today. Hagen went to win the British Open and it cost him several thousand dollars even though he won.

"I started playing tournament golf in 1931. In those days, you

Miss Myra Fields To Address GOP

Miss Myra Fields, in charge of GOP registration in Franklin County, will address a meeting called by County Chairman Clark E. Spence for Thursday evening at 8 o'clock in the courthouse. Miss Fields appeared before the Republican women of Adams County last summer. A number of candidates will be present and a report of the registration in the county will be presented.

Countian To Face Motor Code Charge

Chambersburg police indicated an Orrtanna man would be charged with reckless driving as the result of a one-car accident at 2:25 a.m. Sunday.

Daniel E. Baker, 23, Orrtanna, told police his car crashed into steel guard rails at the northern entrance to Wilson College when he was forced off the highway by an unidentified tractor-trailer truck at the curve in the road. Baker was traveling south when the mishap occurred.

Police set damage to the Baker car at several hundred dollars.

PLAN TO MARRY

The following have secured marriage licenses in Frederick: Barr Craig Sloop and Lona June Frock, both of Emmitsburg; Anthony D. Topper and Gwendolyn M. Shorb, both of Emmitsburg.

James Gregory Hagerman, McSherrystown, and Geraldine Anna Wise, York, have applied for a marriage license in York.

LIONS PRESENT NEW BUILDING TO COMMUNITY

Gettysburg Lions at their weekly dinner meeting Monday evening formally presented the large, new pavilion at the Recreation Park to the community.

Accepting the gift "on behalf of the people of Gettysburg," Town Council President Philip M. Jones extended the thanks of the community to the Lions for "this fine contribution."

The presentation was made by Attorney S. M. Raffensperger, new president of the Lions. He said the building had been erected from the club's charity fund and the Lions had paid the Gettysburg Construction Company \$1,693.50 for building earlier this summer the big, open-sided shelter equipped with nine large picnic tables. In recent weeks the Lions have been holding their weekly meetings there.

"ONE OF NICER DUTIES"

In making the presentation, President Raffensperger noted that over the years the Lions have made many donations to the community. He expressed the thanks of the club to the community "for their generous support of our fund-raising projects" and thanked the club committee headed by Kenneth Dengler, who were in charge of the erection of the pavilion at the south end of the Rec Park.

President Jones described his task Monday evening as "one of the nicer duties which councilmen are called upon to perform." He continued: "Contributions of this type by organizations and individuals have made this recreation park what it is today. We hope many other facilities can be added here in the future."

Thirty-one Lions attended the meeting which was followed by a meeting of the program committee. It was announced that no meeting will be held next Monday, Labor Day.

Finds Fatal Blow Before Scrimmage

The blow which resulted in the death of Allen J. Wagner, 15, son of Mr. and Mrs. Eugene Wagner, 330 North St., McSherrystown, was struck 24 to 48 hours before the youth fell unconscious following a football tackle at Delone Catholic High School Aug. 21, according to an autopsy report.

Dr. Thomas M. Hart, York County coroner, said that Dr. Kenneth Ehrhart, Hanover Hospital, said in his autopsy report it is his belief "that the trigger mechanism to the Wagner death started 24 to 48 hours before the football scrimmage."

Hart said that both Ehrhart and Dr. Laurence J. Adams, a neurosurgeon who operated on Wagner the afternoon of Aug. 21, "felt that the degree and oldness of the injury was such that the chain of events had started before the scrimmage."

He said he did not know what caused the original injury.

Wagner, who was in his sophomore year, was trying out for a position in the line.

PLAN TO MARRY

Philly Police Uncover Weapons, Bomb Material In Raid, On Negro Office

By THE ASSOCIATED PRESS
PHILADELPHIA (AP)—The national headquarters of a Negro group was raided by police inside the riot-torn section of North Philadelphia where extreme quiet reigned today after a weekend of looting and pillaging.

However, the four-square mile area still was under tight security, with a 24-hour curfew in effect and more than 1,200 policemen on patrol.

Mayor James H. J. Tate said the restrictions will remain in effect until Labor Day.

In a statement late Monday night, the mayor said the area was "extremely quiet," with even less activity than normal. "I think we are out of the woods," he added, "but we are still watching the situation."

Auxiliary Given \$1,000 From Show

The Women's Auxiliary of the Annie M. Warner Hospital is \$1,000 richer today after receiving a check in that amount from the Gettysburg Riding Club as its initial proportionate share of the receipts from the Horse Show held here in June.

Mrs. Henry M. Scharf, president of the Auxiliary, said the check was received from Ray M. Hoffman, treasurer of the Horse Show, who stated that the \$1,000 represents the initial payment and that when all the bills are collected another check will be presented to the Auxiliary.

The Auxiliary and the Gettysburg Riding Club collaborated in presenting the Horse Show.

SAYS ZIP CODE CUTS TIME IN MAIL HANDLING

The Zip Code, primarily designed for machine handling of mail is already a time saver for manual sorting, Postmaster Charles W. Pentz told the Kiwanis Club at its meeting Monday evening in the holiday Inn.

"The Zip Code is a five-digit number with the first designating the area to which the mail is directed, 0 represents the New England states, 1 is New York-Pennsylvania-Delaware, 2 the south Atlantic states, 3 the southeastern states, 4 is Kentucky, Ohio, Indiana and Michigan, 5 the northwestern states, 6 the plains states, 7 Texas, Arkansas, Oklahoma and Louisiana, 8 the Rocky Mountain states and 9 the West Coast, Alaska, Hawaii and all U.S. possessions in the Pacific.

"The second digit designates states or parts of states in conjunction with the first digit, thus 15 is southwestern Pennsylvania, 16 northwestern Pennsylvania; 17 central Pennsylvania, including Adams County, 18 northeastern Pennsylvania and 19 southeastern Pennsylvania and Delaware. The third digit plus the first two designates a section, or one of 211 major cities, thus 173, our section, represents the York sectional center. 190 is the Philadelphia area, 191 is Philadelphia city. The fourth and fifth digits designate the exact place the mail is to go, thus in a letter addressed to 17325, the one would designate the mail will go to the New York-Pennsylvania-Delaware area, the seven added to the one would show it was for central Pennsylvania, the 173 combination (Continued On Page 2)

Migrant Slashed In Monday Knifing

Thessalonika Ross, a Negro migrant from Fort Valley, Ga., was treated at the Warner Hospital Monday for knife wounds after an altercation about 8 a.m. at the Pitzer labor camp near Aspers.

Nathaniel Thomas, Winter Gardens, Fla., was arrested by state police on a charge of aggravated assault and battery in the Ross knifing.

Reports described Thomas as "intoxicated" Monday when he and Ross got into an argument. Thomas pulled a knife and cut Ross in the neck, stomach and right arm.

Justice of the Peace John Whitman, Cumberland Twp., said Thomas has pleaded guilty to the assault count and has been placed in the county jail in default of \$500 bail for sentence court September 14.

Philly Police Uncover Weapons, Bomb Material In Raid, On Negro Office

where the riots broke out late Friday night.

Inspector Millard Meers, who led the raid, said police found flammable fluids used for making fire bombs, a loaded revolver, two bayonets and a knife.

They arrested Shakyh Muhammad, described by Meers as a former member of the black Muslims.

HELD IN BAIL

Muhammad was held in \$10,000 bail on charges of violating the uniform firearms act, possession of explosives and violating the mayor's proclamation to stay off the streets.

The raid came amid reports that the North Philadelphia riots might have been planned according to a basic pattern.

Mayor Tate said, "I believe that it was designed and planned and that something triggered the action. There were too many people ready to go," he said.

1,000-ACRE AREA UNDER PROJECT 70 IS PROPOSED

Can Adams County secure a 1,000-acre area or more for water conservation and recreation at no cost to the county?

That was a hope outlined this morning at the meeting of the county commissioners at which Littlestown officials, the county's two party chairmen, Assemblyman Harry D. Ridinger, County Agent Thomas Piper and Soil Conservationist Henry Mattox entered with the commissioners into a discussion of possible county benefits from Project 70.

Attorney Edward B. Bulleit, Littlestown Borough Secretary Roger Keefer and Theron Spangler, president of the Industrial Development Corporation, represented Littlestown. The town had been asked to have representation present because it is the first community in the county to have completed plans and made applications for Project 70 funds.

PLAN 38-ACRE PARK

Littlestown has proposed a 38-acre recreational park in Littlestown and Germany Twp. with a proposed 10,000-gallon reservoir for swimming, fishing, and boating. Picnic areas and other recreational areas are to be included. Industrial and residential sites are proposed in connection with the recreational site.

Commissioners' President Atlee Rebert told the Littlestown representatives the board had asked them to be present to acquaint the county commissioners with the plans in the Littlestown area and to learn how they had proceeded.

The discussion indicated that the commissioners will present a petition to the state Department of Forests and Waters asking that Adams County be considered as a site for a water conservation and recreational park to be established by the Department here, with the entire cost borne by the Department.

VARIOUS PLANS

Assemblyman Ridinger outlined various types of projects for which Project 70 funds will be available. Some are based on historical areas, others recreational, conservation, recreation, water and sanitation.

UPPER ADAMS SCHOOLS OPEN THIS MORNING

A teachers' workshop was held for the Upper Adams School District at Biglerville Monday preparatory to the opening of schools today.

At noon today school officials announced an enrollment of 1,578.

Monday's session for the teachers opened with coffee in the high school cafeteria from 8:15 to 9, and then a general session was held in the high school auditorium at 9. Rev. N. J. Wilson, pastor of St. Paul's Lutheran Church, Biglerville, conducted the devotions. Superintendent Donald B. Hudson welcomed the group. New teachers were introduced by High School Principal Charles Yost and Elementary Principals Lewis Bosserman, Wilson Wenk and William Settle.

Dean Asquith, president of the school board, brought greetings from the board.

Dr. George R. Seidel, education manager of E. I. du Pont de Nemours and Co., spoke on "Change, Progress and You." Miss Doris Large gave the local teachers' organization report.

Lloyd Kaiser, general manager of the South Central Broadcasting Council, spoke on "TV and Education." Superintendent Hudson spoke on "The Purpose of the Teacher's Manual."

Following lunch, an elementary school evaluation program was held in the high school library with William Settle as chairman.

At the same time a high school faculty meeting was held in the auditorium with Principal Charles L. Yost and Arthur M. Gordon in charge.

Departmental meetings were held from 2:15 with Mrs. Eugene Haas chairman for the Language group; Richard N. Allison for the science; Bruce B. Sheets, mathematics; Mr. Gordon, history; John Toggas, physical education; Robert Thompson, music; Clyde R. Cover, vocational and industrial arts.

From 3 to 3:45 elementary faculty and high school faculty meetings were held.

ASKS FARMERS FOR RECORDS ON EMPLOYEES

"A great many farm workers don't get credit for their work," according to Joseph S. Dickenson, social security district manager, Chambersburg. "Farm wages are reported only once a year," he explained. "For this reason, some farmers forget to keep a complete record of the wages they pay their workers."

Dickenson listed two rules that determine when farm wages must be reported for social security. These are:

1. If the worker is paid a total of \$150 or more in cash wages during the year or
2. If the worker works some part of 20 or more days during the year for cash wages figured on a time basis, by the hour, day, etc. The amount paid doesn't matter.

To be sure a record of wages is available at the end of the year, Dickenson advised farm employers to keep a list of their employees. Each time a payment is made, it should be shown on the list.

KEEP RECORDS

If total wages are less than \$150 for the entire year and the employee did not work 20 days, no social security tax is due on that worker. "Keeping a record during the year takes the guesswork out of reporting," said Dickenson. "The farm employer then pays only the taxes that are due and the worker gets full credit for his labor."

"For those farmers and fruit-growers who use crew leaders with migrant workers, it is important to furnish the name, home address and Employer Identification Number of the Crew Leader. A place for this information is provided on the back of the District Director copy of Form 943 which is furnished by the Internal Revenue Service. Following these simple rules will provide maximum Social Security Protection not only for the employees, but for the farmer as well," concluded Dickenson.

saved up a few dollars and went to a tournament. Then you came back and earned a few more dollars so you could go to the next. If you won all the big money tournaments you might get \$6,000. Yesterday Bobby Nichols won \$35,000 in one tournament.

"The custom in Britain, Scotland and Wales was to play in a tweed jacket, knickers and shoes with hob nails, and so when golf became popular here it was played in jackets, knickers and hob nail shoes. You may think it terrible to play in a tweed jacket. Only on hot days is it terrible. A well fitting jacket keeps your arms more coordinated with the body and thus helps your golfing."

He described a number of famous players and termed Ben Hogan the "greatest player in golf." He noted that Hogan won five national opens and recalled that in 1949 he was in an accident and so badly injured that there was a question whether he would ever again be able to play. Today at 52 "from tee to green he is better than anyone else, but in putting he has been in a slump for 15 years but is now overcoming this a little. This year he was in the top ten in the Masters, at Fort Worth, Tex., and at the PGA in Ohio and this week was tied for fourth, coming in with the lowest last round, a 68."

Munday said golfing has many benefits "but possibly the greatest is the fact that any fellow who is halfway decent can go anywhere in the world and meet some nice people and get an introduction to a city that he could never get any other way."

Vice President Stanley Hull introduced the speaker and announced there will be no meeting next Monday because of Labor Day. The next session will be held September 14 at the YWCA. President C. William Harbaugh presided.

Douglas McCauley has returned to his home at Limestone Acres, Wilmington, Del., after visiting for a week with his grandparents, Dr. and Mrs. Lloyd C. Keefeauver, Springs Ave. He was accompanied home Monday by Mrs. Keefeauver, Mrs. Howard S. Schwartz and Miss Eva Jane Schwartz, Littlestown R. D.

BULLETINS

CAPE KENNEDY, Fla. (AP) — The Air Force launched a Titan 3A military space rocket on its maiden test flight today, but lost track of it 13 minutes after lift-off.

The 124-foot rocket blasted away from Cape Kennedy at 10 a.m. E.S.T. Its goal was to launch its third stage into orbit as a flying launch platform. The platform, in turn, was to kick loose a dummy satellite into separate orbit.

WASHINGTON (AP) — Sen. John J. Williams, R-Del., charged in the Senate today that \$25,000 from a Philadelphia contractor was channeled through Bobby Baker to the Kennedy-Johnson 1960 campaign fund in an illegal conspiracy.

He demanded, on the basis of what he called new evidence from Don B. Reynolds, a local insurance agent, that the Senate reopen the politically explosive Bobby Baker investigation.

NEW YORK (AP) — Atty. Gen. Robert F. Kennedy won a test vote by an overwhelming margin today as New York Democrats met to choose a U. S. Senate candidate to oppose Republican Kenneth B. Keating.

The Democratic State Committee passed by a margin of nearly 5-1 a resolution clearing the way for the party's state convention to nominate Kennedy later in the day.

WASHINGTON (AP) — President Johnson signed today a bill setting up a \$15,000,573 damage and rehabilitation fund to help New York's Seneca Indians adjust to construction of the Allegheny River dam and reservoir.

WASHINGTON (AP) — Democratic congressional leaders gave President Johnson an optimistic report today on prospects for enactment of his billion-dollar Appalachia development bill, one of the most measures on the President's legislative program.

Speaker John McCormack of would take the bill up Wednesday and that he believed it would be passed, provided there is a full attendance when the vote is taken.

Weddings

Howe-Pottorff

The marriage of Miss Jane Kathryn Pottorff, daughter of Mr. and Mrs. Chester D. Pottorff, R. 4, to Richard H. Howe, son of Mr. and Mrs. Merle E. Howe, R. 4, was solemnized in Trinity Reformed Church Saturday afternoon at 2 o'clock by the Rev. Dr. Howard Schley Fox in the presence of the couple's parents.

The bride is a graduate of Gettysburg High School and is employed by the Department of State, Harrisburg. The groom attended Eichelberger High School, Hanover, and is employed by the Oxford Container Co., New Oxford. They will reside at 525 Baltimore St., Hanover.

Wivell-Moser

Miss Betty Virginia Moser, daughter of Mr. and Mrs. Donald Moser, Emmitsburg R. 2, became the bride of David Clement Wivell, son of Mr. and Mrs. Roy Wivell, Emmitsburg R. 2, Saturday morning at 11 o'clock in St. Anthony's Shrine, Emmitsburg. Father Tomalski performed the double ring ceremony before an altar decorated with gladioli and white pompons. Traditional wedding music was played by the organist.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace over taffeta. The fitted bodice featured a scalloped neckline trimmed in sequins, long lace sleeves ending in points over the hands. The bouffant skirt featured alternate ruffles of lace and tulle. Her point of illusion veil was attached to a crown trimmed in sequins. She carried a bouquet of white and pale pink roses surrounded with baby's-breath.

Miss Joan Wivell, sister of the groom, Emmitsburg, was maid of honor. She wore a street-length dress of blue chiffon over taffeta with a matching headpiece and carried white roses surrounded by yellow pompons and blue streamers.

TWO BRIDESMAIDS

Mrs. Clarence Knott, sister of the bride, Frederick, and Mrs. Philip Topper, sister of the groom, Emmitsburg, were bridesmaids. They wore pink gowns identical to that of the maid of honor and carried bouquets of pink roses surrounded by pink pompons and pink streamers.

Robert Wivell, brother of the groom, Braddock Heights, was best man. Ushers were Paul Orndorff, Emmitsburg, and Carlton Trite, Westminster, cousin of the bride.

The bride's mother wore a white and red dress with a white rosebud corsage. The groom's mother wore brown with a white rosebud corsage.

Following the ceremony a reception was held at the home of the bride, after which the couple left for Niagara Falls, the World's Fair and the Pocono Mountains. For traveling the bride wore pink. Upon their return they will reside at Emmitsburg R. 2.

The bride is a 1962 graduate of Emmitsburg High School and is employed by the Emmitsburg Manufacturing Company.

The groom attended St. Joseph's High School, served three years in the U. S. Army and is employed at Mt. Manor Service Station.

Six Treated For Accident Injuries

Three more persons were treated Monday at the Warner Hospital for fractures, two of which were received last Friday.

Kevin Gebhart, 2½, son of Mr. and Mrs. James Gebhart, R. 5, received treatment for a fracture of the left upper arm suffered in a fall of a swing at his home Friday, and Michael Rupp, 9, son of Mr. and Mrs. Lloyd Rupp, York Springs, for a fracture of the right arm sustained Friday in a fall.

Sherman Harrison, 49, Kensington, Md., an employee of the W. B. Campbell Construction Co., Frederick, was treated for a fracture of the right ankle suffered when a board upon which he was walking broke.

Treated Monday for lacerations were Gerald Wilkinson, 34, 29 Mummaburg St., an employee of the Superior Distributing Co., right middle finger, from a broken bottle; Anne Deatherage, 3, daughter of Mr. and Mrs. Jack Deatherage, Fairfield R. 2, upper lip, received in a fall against a bed, and John Ayers, 22, Martinsburg, Va., left arm, sustained in a fall from a roof.

GTC TO MEET

The Gettysburg Travel Council will meet this evening at 8 o'clock at the West St. Branch of the Gettysburg National Bank.

ASSAULT CHARGED

Joe E. Brown, Gettysburg R. 4, has been charged before Justice of the Peace Robert P. Snyder with assault and battery on Charles Henry Riggs, Gettysburg R. 4.

RETURNS FROM TEACHING IN MEXICO AREA

Dean J. Sprague, director of public relations and former assistant professor of history at Mount St. Mary's College, Emmitsburg, recently returned from a faculty summer school assignment in Guadalajara, Mexico.

Sprague, who conducted a course in U. S. diplomatic relations with Latin America, was part of a pilot program sponsored by five Jesuit universities: Georgetown, Washington, D. C.; St. Louis, St. Louis, Mo.; Gonzaga, Spokane, Wash.; Loyola of Los Angeles, Calif.; and the Instituto Tecnológico, Guadalajara.

100 STUDENTS

The program, which included nearly 100 Mexican and U. S. students, offered courses in the Spanish language, Mexican art and folklore, history, political science, and social psychology.

Faculty members and students coming from the United States were housed with Mexican families for the session to enhance their understanding of the cross-cultural relationships between Latin America and the United States.

In addition to his teaching assignment, Sprague served as faculty advisor to the student groups participating in special weekend tours of Mexico, visiting such places as the national capital, Mexico City; colonial Guanajuato; and the Pacific coastal city made famous by a recent U. S. movie, Puerto Vallarta.

ODDO DIRECTS

The summer program was under the direction of another Emmitsburg professor, Dr. Gilbert L. Oddo, chairman of the department of social studies at Saint Joseph College. He and his family spent a sabbatical year in Guadalajara at the Catholic university there.

will expend all of the sums needed but in others the state provides matching funds for local government plans.

The combined water, conservation and recreation project that seemed most desired by the county officials comes under the Department of Forests and Waters.

MAKE FIRST MOVES

Ridinger said that the first step will be determination of a site, drawing of a rough map and securing other details to be presented to the department. The department will send its own team to survey the site. If approval is given the next steps will be to obtain approval by the township supervisors or borough councils involved, approval by the Adams County court and there will be public hearings where the citizens generally could express their opinions before the park can come into existence.

The commissioners seemed agreed to take the first step and their solicitor, Attorney Eugene Hartman, was asked to draw up the first application when preliminary plans are completed. A meeting September 11 with farm organization officials and others to "get as many ideas as we can" was scheduled. Also a meeting September 22 at which County Agent Thomas Piper and Conservationist Mattox are to present possible sites as shown by contour maps. Such maps, it was pointed out, will tell where water is best obtainable for possibly a 100-acre lake and where roads, railroads, buildings, etc., would not be a consideration.

PLENTY OF SITES

County Republican Chairman Clark Spence and County Democratic Chairman Fred G. Klunk both approved the idea of a park development as "a good thing for the county."

Discussion indicated plenty of potential sites for such an area, ranging from the Gettysburg Municipal Authority land and other adjoining land in the Orrtanna section to other areas along the mountains, along the Conewago and Marsh Creek, and other streams and throughout the entire county.

Roads and value of land will also enter into the considerations, along with such as yet indeterminate problems as potential changes caused by Susquehanna River development and Potomac River development.

County Agent Piper suggested that the study be made "looking 20 years into the future."

DEATHS

Mrs. A. L. Strausbaugh
Mrs. Bertha Dubbs Strausbaugh, 72, Spring Grove R. 1, widow of Allen J. Strausbaugh, died at 11:55 p.m. Saturday at the Kuhn Convalescent Home, New Oxford, where she was a guest the past nine months.

Mrs. William H. Myers
Mrs. Ida May Myers, 91, of Pasadena, Calif., formerly of Greencastle, died Aug. 23 in Pasadena.

Mrs. Myers was born Aug. 22, 1873, in Center Mills, daughter of the late Isaac and Elvina (Hewitt) Rutzahn. She was the widow of William H. Myers, who died in 1937.

Mr. and Mrs. Myers were the founders of the Pentecostal Holiness Church, now the Foursquare Church, in Greencastle, and lived in and served the Greencastle community many years. Some years after the death of Mr. Myers, Mrs. Myers moved to Portland, Ore., and later to California.

A daughter, Mrs. Harvey B. McCoy, Santa Barbara, Calif., and four sisters survive. Memorial services were held Wednesday in Glendale, Calif. Burial was made Saturday in Cedar Hill Cemetery, Greencastle.

LeGore Rites Held

Funeral services for Russell W. LeGore, 36, R. 5, who died Saturday at the Warner Hospital, were held this afternoon at 2 o'clock at the Bender Funeral Home conducted by Rev. Dr. Howard Schley Fox. Interment in Evergreen Cemetery.

The pallbearers were Guy Crist, Ralph Simpson, Robert Kitzmiller Jr., Robert LeGore, Ronnie Altland and George LeGore.

SAYS ZIP CODE

(Continued From Page 1)

would indicate it was in the York area and 17325 would complete the matter by showing it was for Gettysburg.

RESULT OF "EXPLOSION"

"This greatly expedites the sorting of mail for shipment out of a post office. A clerk in California does not have to stop to consider where Gettysburg might be. He simply tosses it into the sack by number and it is on its way. Similarly here, a clerk does not have to check whether mail for such a town should be shipped to a certain center. He simply puts it in the sack with that number."

The Zip Code, Pentz said, is a result of the "terrific explosion in mail volume during the last 20 years and an anticipated increase in mail. By 1970, according to projected population figures, there will be 212,000,000 people in the U.S. and the volume of mail will have increased from 70 billion pieces a year to 90 billion."

GIVEN 2-YEAR PIN

While use of Zip Code numbers on mail is not compulsory, Pentz said he hopes that large mailers in the area will use it "to help the post office move the great volume of mail." He outlined various helps that can be provided — directories, IBM tapes, cards, etc., to large volume mailers who wish to use the Zip Code.

President Clyde Markle presided at the meeting and introduced two guests, Harold Angle of the Chambersburg Kiwanis Club and Ed Vansant of the Penn State club. A two-year perfect attendance pin was presented to Donald X. Sullivan.

Edwin Kann announced plans for a Halloween Queen Contest committee meeting Wednesday evening at 8 o'clock at the Adams Electric Cooperative office. The club voted to continue holding its meetings at the Holiday Inn.

SCHOOL BUS WARNING IS GIVEN BY AAA

Opening of the 1964-65 school term brought a warning to motorists today from AAA Motor Club of Harrisburg officials to be on the alert for school buses.

"Aside from the severity of penalties for illegally passing a school bus, even for a first offense," said William E. Miller, the club's general manager, "no motorist would want to be responsible for the death or injury of a school child, tragedies which might well be avoided through a knowledge of the state's school bus law."

License suspension penalties for illegally passing a school bus while loading or unloading children are as follows:

First offense, one month; second offense, two months; third offense, three months, and fourth offense, four months. Conviction also carries a \$25 fine, plus costs.

IMPORTANT PROVISIONS

Frank C. Russell, AAA club safety director, who joined Miller in urging motorists to "know the law," pointed out the following important provisions of the statute:

1. On two or three-lane highways, when a school bus has stopped — either on the highway or on the shoulder adjacent thereto — with flashing signals to load or unload children, all traffic must stop not less than 10 feet from the stationary school bus.

2. On four or more lane highways not divided (an undivided highway is one with paint line markings only) the requirements are the same as for two-lane highways.

3. On four or more lane divided highways (a divided highway is one with something other than a painted line separating opposing traffic lanes, such as a median strip) motorists on the same side of the divider and traveling in the same direction as the bus, are required to stop when the bus is loading or unloading children. The bus may be stopped on the highway or on the shoulder adjacent thereto with flashing signals. Traffic proceeding in the opposite direction on the other side of the divider may proceed at a speed not exceeding 15 miles per hour.

OTHER PROVISIONS

4. If a school bus loading or unloading children is stopped in front of a school building on the same side of the street or highway as the school building, motorists traveling in either direction may proceed at a speed not in excess of 15 miles per hour.

5. If a school bus loading or unloading children on the opposite side of a street or highway (with flashing red signal) from a school building, traffic moving in either direction must stop at least 10 feet from the school bus.

While Section 840, paragraph 7 of the Vehicle Code requires school buses to be painted chrome yellow and to be adequately marked as such, and paragraph 9 requires that these buses be equipped with a flashing red signal both front and rear, visible 100 feet in either direction, Russell called attention to the fact that paragraph 12 removes buses licensed by the Public Util-

ty Commission for use in transportation other than transporting school children from this category.

NO EXCUSES

"These buses," Russell explained, "are required to carry a sign front and rear indicating they are being used as a school bus, but are not required to display a flashing red signal or to be painted chrome yellow."

"Since these buses cannot be identified by color or flashing signals, and with the increased use of Public Utility licensed buses by school districts, this calls for the motorist to be extra cautious to avoid not recognizing them as school buses," the AAA safety director cautioned.

Advising motorists to be alert for both adequately marked and unmarked school buses, Russell said, "The fact a motorist does not recognize a bus as one transporting school children only will not save him from a license suspension on a first offense."

In conclusion he also called attention to the fact that the Vehicle Code was amended in the 1955 Legislative session to require motorists to stop in both rural and urban areas.

Ends Training For Military Police

Pvt. Askold Zagars, 21, son of Dr. and Mrs. Waldemar Zagars, 50 W. Broadway, has completed eight weeks of military police training at the U. S. Army Training Center, Fort Gordon, Ga. During the course Zagars received instruction in civil and military law, traffic control, map reading, prisoner-of-war control and self defense. Zagars entered the Army in April, 1964, and completed basic training at Fort Gordon. He is a 1960 graduate of Gettysburg, attended Gettysburg College and was employed by the Penn Mutual Life Insurance Co., Philadelphia, before entering the Army.

He said the FBI is close to the situation and that he expects to confer with the U.S. attorney and the district attorney's office. Dist. Atty. James C. Crumlish said he was convinced the Negro rioting and looting was the work of "organized outside agitators."

DAMAGES TO \$3 MILLION

The rioting and looting caused damages between \$500,000 and \$3 million, Mayor Tate estimated. He said he would ask federal and state aid to help repair the damage.

The regional office of the Small Business Administration formed a special unit to speed processing of loans to small merchants whose property was damaged or destroyed.

Some of the stores were able to reopen Monday and some did business on a limited scale.

Mayor Tate also answered critics of police conduct against Negro looters in the area, saying that "extreme methods" could have caused a "terrible bloodbath in Philadelphia."

The mayor issued a statement in response to complaints that police were not forceful enough in trying to stop looters.

"It should be realized," the mayor said, "by those who choose to criticize the handling of this situation, that any excessive or uncalled for force, use of firearms, or other extreme methods . . . when not absolutely required to bring the turbulence under control, could have caused a terrible bloodbath in Philadelphia."

Two 4-H Leaders At PSU Workshop

Gilbert Evans, Taneytown R. D., local leader for the Adams County 4-H Electric Clubs, and Ronald Shealer, Gettysburg R. 1, a junior leader are attending a 4-H electric training workshop being held today and Wednesday at the Pennsylvania State University.

There similar leaders from throughout the state are taking part in a series of workshops covering the first year, second year and advanced electric programs of 4-H. Members of the Pennsylvania Power Suppliers Association are providing the funds for the event and assisting in the instruction in such fields as electrical safety, lighting, care and use of appliances, construction of extension cords, proper fusing etc. Tonight the group will attend a banquet at which J. Emmett Judge, vice president of Westinghouse Electric Manufacturing Co. will be the speaker.

SUIT IS FILED
California Chemical Corp. of Richmond, Calif., and Haddonfield, N.J., has brought an action in assumpsit for \$2,393.23 in Adams County court against LeRoy R. DeGroff Jr., trading as DeGroff Feed and Farm Supply, 101 Lumber St., Littlestown. The complaint filed in the prothonotary's office by Attorney Eugene R. Hartman alleges that the Littlestown man owes for various chemicals, sprays, fertilizers, etc., from April 3 to November 20, 1963.

STOCKS EDGE UP
NEW YORK (AP)—Steels, Tobacco and other industrials rose moderately early this afternoon, pacing the stock market to a moderate advance.

Utilities and rails were not in gear with the industrial section, displaying a mixed pattern.

Trading was considerably livelier than Monday, however.

Chrysler, threatened anew with a possible strike Sept. 9 if it does not satisfy demands of the United Auto Workers, was wobbly in early trading when it sank nearly a point, but recovered and edged to the upside.

Most other motors were higher.

HONOR PREXY AT GRANTHAM

Dr. Arthur M. Climenhaga, retiring president of Messiah College, Grantam, was honored Monday evening by a testimonial dinner held at The Chalet in Dillsburg.

Toastmaster was Charles E. Jones, Camp Hill. Tribute speeches were made by the Rev. R. Donald Shafer, Elizabethtown, Messiah College Alumni Association president; Prof. Carl R. Koch, Mechanicsburg, former superintendent of the Mechanicsburg Area Joint Schools; Dr. Charles Eschelman, Grantam, professor of education at Messiah College, and Dr. Harold H. Engle, Palmyra, Messiah College board of trustees chairman.

Gift presentations to Dr. and Mrs. Climenhaga were made by Dr. C. O. Wittlinger, dean of the college faculty and Roy Shaull, Mechanicsburg. The Rev. LeRoy B. Walters, pastor of the Grantam Brethren in Christ Church, offered the invocation and Bishop Charlie B. Byers, Chambersburg, bishop of the Brethren in Christ Allegheny Conference, gave the benediction. Ronald Sider of the college music faculty provided organ dinner music. Vocal selections were given by two groups of college personnel.

Dr. Climenhaga resigned the post at Messiah College to become executive director of the National Association of Evangelicals. During the four years of his presidency the faculty was strengthened as well as the administrative structure. There was an increase in the enrollment along with a major curriculum revision. These factors helped to bring accreditation by the Middle States Association of Colleges and Secondary Schools. The college also began a secondary teacher education program.

Succeeding Dr. Climenhaga will be D. Ray Hostetter, vice president of finance and development. He officially assumes his new duties today. Formal inauguration ceremonies will be announced at a later date.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Church Draped: The altars and chandeliers at St. Francis Xavier Church, together with the front of the building, have been draped in black on account of the death of Pope Pius X. All the other Catholic Churches in the county have been similarly draped following request of Bishop Shanahan, head of this diocese.

Biglerville: Ground was broken last week for the new home of the Biglerville Hook and Ladder Company No. 1, on East York Street, where the fire ladders will build a two-story brick building 34 x 40 feet. . . . Constable Morrell while out the other night catching speeders was run into on the sidewalk by a bicycle rider. By the time the constable recovered the fellow was out of sight. . . . H. C. Bucher is making extensive improvements to his residence on North Main St., which adds greatly to the appearance of the place as well as to the convenience of the home. . . . Thomas L. Minter has bought the Aaron Hoffman property on Penn Street. Terms private. . . . David L. Jacobs is now the owner of the Eliza Warren property on Penn street, reported to have been bought by Dr. Stover, of Bendersville, some time ago.

To Give Recital: The Biglerville pupils of Miss Lillian Ring in vocal and instrumental music will give a recital this evening at the home of Mr. and Mrs. W. E. Kapp, in that place. Those who will take part are Blanche Heiges, Esther Bigham, Lloyd Kleinfelter, Helen Bigham, Viola Kapp, Vera Hoffman, Hazel Deatrick and Isabelle Schlosser.

Install Transformer: The Gettysburg Light Company has installed a rotary transformer for charging storage batteries. It is capable of supplying current to the smallest one cell, three plate car up to one requiring fifty amperes. A run of electric automobiles from Pittsburgh to Philadelphia will pass through Gettysburg in October and the local power plant will be prepared to care for the machines at that time. The new pulley to replace the one which burst last Sunday has been installed.

Elks Corn Bake: The Elks held a highly successful corn bake at the farm of George E. Spangler Thursday evening. About one hundred members and friends were present and an elaborate feast served in addition to the well roasted corn. The committee which prepared the supper was composed of Paul Martin, John W. Brehm, Samuel Weiser, C. Tyson Tipton, Joseph Smith and John Ziegler.

Bodies Of Three Soldiers Found: The remains of three Union soldiers buried on the First Day's Field were uncovered this morning by George Woodward on the County Home farm while he was hunting bullets. With the bones were found some money, a number of buttons and two bullets, possibly responsible for the death of one or more of the men. Some belongings of the men who met their death on Gettysburg's field were found with the bones. The remains were found about thirteen inches below the surface. Woodward took possession of everything except the bones which he reburied. It is likely that they will be disinterred and reburied in the Soldiers' National Cemetery.

Today's Talk

COMMON DEEDS

The world of action is knit together by common deeds. Those who perform the heroic in life attract attention, but in the final reckoning of history, even their noble exploits melt into the whole, and form, with the common deeds of us all, the recognized level of man's achievement and growth.

None of us can divorce himself from the universal influence that is forever a part of the movement of men's minds. We are all worshippers, to a lesser or greater extent, of heroes. Their performances reach the consciousness of us all. And we who pay attention to them step just a little higher in hope and ambition, giving to our common deeds a touch of the significant. Ever, however, should each one of us strive to present his best, not his second best! We are accountable to ourselves, and to the world at large, only for the best that we can do. Our so-called common deeds are what contribute to the common happiness and progress of the world. Being a part of the whole of mankind, we cannot with good grace afford to shrink our responsibility. We must share it.

From a beautifully written book called "Sirenica" by W. Compton Leith, I once came across this sentence: "The wonderful path of man was made straight by common deeds; our forefathers inaugurated the world's course with nothing better; all through the ages they strove with each other, doing, getting, and exchanging, by concussion and hard argument of life no less than by its friendliness, joined indissolubly to each other."

Through chaos, confusion, and even through days of despair, there is a superior force working among peoples that in time brings them to a common level, and a happy average of achievement. These common deeds are not flared in newspaper headlines, but they keep mankind upon an even keel. They contribute to the faith of us all. They help to cement us all into the living ideal of the brotherhood of man.

CHILDREN

Up and down and in and out
Race the children round about,
Screaming screams and banging doors,
Noisy brats if they're not yours.

Batting balls across the wall,
Caring not where they may fall;
Trampling down the lovely flowers
Little imps if they're not ours.

Quarrelling about their games,
Throwing stones and calling names,
Just like demons running wild,
Least it be our precious child.

Taking fruit that isn't theirs,
Robbing trees of plums and pears,
Little thieves their folks should spank,
But for my boy—just a prank!

Strange how peace-disturbing seem
Other children when they scream,
And how musical the tone
Of the yelling of our own.

ding of exceptional beauty, Miss Nellie Rhodes Weaver, Gettysburg, and LeRoy E. Enterline, Esq., of Ashland, were married Friday evening at seven o'clock in Trinity Reformed Church. The church was very beautifully decorated with ferns and flowers, sun flowers lending a most artistic touch. Miss Louise Stahle played the wedding march as the party entered the church. They were preceded by the four ushers, Maurice S. Weaver, Gettysburg, Dr. J. McCrea Dickson, Philadelphia, Charles N. Neiman, Ashland, and George D. Enterline, Shamokin. The bridesmaids followed carrying baskets of nasturtiums. They were Miss Mabel Sheetz, New Oxford; Miss Mildred Stauffer, Walkersville, Md.; Miss Edmonia Nelly, Baltimore and Miss Janet Cunningham, Fairfield. They were gown in white lingerie evening dresses with girdles of green meline. They wore lace Castle caps. The maid of honor was Miss Haddie Erlenbaugh, Altoona, who wore green crepe de chine. The bride entered the church on the arm of her father. She wore a gown of white satin, trimmed with princess lace. Her veil was of duchess lace and she carried a shower of bridal roses. Dr. T. J. Barkley performed the ring service of the Reformed Church. A wedding reception was held immediately after the service at the home of Mr. and Mrs. H. T. Weaver, Baltimore street. At half past ten Mr. and Mrs. Enterline went to York by automobile and there left for a three weeks honeymoon after which they will be at home in Ashland where Mr. Enterline is a practicing attorney. He is a graduate of Gettysburg College, a former student of the Law Department, University of Pennsylvania, and a member of the Sigma Chi fraternity. The bride's gifts were unusually numerous and beautiful.

GUILD PLANS CHURCH DINNER

Christ United Church of Christ will have a congregational covered dish supper on Wednesday at 3:30 p.m. in the church grove. The affair is being sponsored by the Women's Guild. Each family is asked to bring a covered dish. Meat and dessert will be furnished by the Guild officers. Mrs. Charles A. Grove and Mrs. Paul T. Myers will be in charge of the program following the supper. There will be slides shown on events and places of Hanover and the surrounding countryside.

The Consistory of Christ Church will hold its September session on Wednesday at 8:15 p.m. at the church.

The choir will have rehearsal on Tuesday evening at 8 o'clock. The King's Daughters and Young Men's Bible Classes will serve a turkey supper to the public on Saturday, September 12 in the church grove hall.

The Rev. G. Howard Koons, pastor, delivered the sermon at the Sunday worship service. A solo, "The Lord Is My Shepherd," was sung by Mrs. Robert W. Hall, of Redeemer's United Church of Christ. John H. Weikert, Joseph G. W. Hunter, Ralph L. Snyder and Earl A. Rebert served as ushers. Cathy Jo Lehn was acolyte.

The Women's Guild placed rosebuds on the altar in honor of Joanne Marie Welk, infant daughter of Mr. and Mrs. Harold L. Welk, and in honor of Bradley Allen Hartlaub, infant son of Mr. and Mrs. Donald Hartlaub. The altar flowers were placed by the Altar Guild. The bulletins were given by Mr. and Mrs. Charles A. Grove in honor of their 14th wedding anniversary.

GETS SCHOLARSHIP

Ronald Beford, son of Mr. and Mrs. Urban L. Beford, Charles St., is visiting with his parents after attending summer classes for the completion of his sophomore year of studies at the University of Detroit. He has received a scholarship for his junior year of study which he will begin in the fall. An accounting major, Beford will return to the university on September 9 to assist with orientation.

REUNION HELD

The descendants of Mr. and Mrs. J. E. Bowers had a family reunion on Sunday in St. John's Church Grove, near town. Fifty persons were in attendance. A basket lunch was enjoyed at noon. There were games and contests during the social afternoon.

TIE - BREAKING SP GAMES WILL START SUNDAY

Arrangements have been completed for three games which will decide the regular season championship as well as positions for the post-season playoffs between the top four teams of the South Penn Baseball League.

Arendtsville and Littlestown, who finished in a deadlock for first place, will meet next Sunday afternoon at 2 o'clock at Littlestown for the league title. The loser will be the second place team in the playoffs.

At the same time New Oxford and Taneytown, who figured in a triple tie for second place with 12-6 marks, meet at Taneytown, the winner of which will be the third place team.

TWILIGHT GAME

The loser of the New Oxford-Taneytown game will then play at McSherrystown Wednesday evening, September 9, and the winner of that game will occupy the fourth place slot for the playoffs.

McSherrystown also finished the regular season with a 12-6 record. Home teams will supply all balls. Proceeds will be divided after expenses for umpires are deducted. The league president will arrange for the umpires.

The schedule for the final playoffs will be announced September 10. Playoffs will begin Sunday, September 13. The first place team will meet the third place team and the second place team will oppose the fourth place team.

Season Tickets On Sale For Bullet Games

Many choice reserved seats for Gettysburg College's 1964 home football season are still on sale, it was announced today by Henry T. Bream, athletic director.

Bream announced that tickets, including season passes, may be purchased at the athletic office daily, except Saturday, from 8:30 a.m. to 5 p.m. Season tickets are on sale at \$10 each while the individual game tickets cost \$2.50.

The Bullets' home schedule includes the season opener on September 19 against Hofstra, a new member to the Middle Atlantic Conference, university division; the University of Delaware Blue Hens, defending MAC and the national small college champions, on October 3; Lehigh University on October 17 for the annual Father's Day clash, and October 24, Muhlenberg, who will help celebrate the Homecoming weekend.

MIDGET GRID HOPEFULS WILL REPORT FRIDAY

The Gettysburg Junior Chamber of Commerce will again sponsor a midget football team during the coming season for all boys 13 years of age and younger.

Boys desiring to try out for the team are requested to report Friday afternoon at 4:30 o'clock at the Recreation Park.

Bob Davies and Lance Duttry will meet with the squad and outline plans for the coming season. There will be full insurance coverage for each lad and some new equipment will be provided.

So far four games have been scheduled and more are expected to be added.

Pilot Maneuvers To Prevent Explosion

SAVANNAH, Ga. (AP) — A Coast Guard helicopter pilot, skillfully tilting his craft from side to side, used its blades as a fan and blew a burning 18-foot boat away from a gasoline storage tank Monday night. Three men aboard the boat were burned seriously.

The helicopter blew the boat into a marsh, where it burned to the water line and sank.

The pilot, Lt. Cmdr. C. W. Swickley, then returned and picked up the injured men.

KOUFAX GONE FOR SEASON; ORIOLES BUY SAD SAM JONES

By MIKE RATHET
A bad arm. A strong back. A new face. And an old head.

They belong to four different pitchers, who represent the most important commodity as the major leagues head today into the last month of the season.

The bad arm belongs to Sandy Koufax, the ace left-hander of the Los Angeles Dodgers, who was advised by a doctor Monday not to pitch again this season.

The strong back belongs to Juan Marichal, the ace right-hander of the San Francisco Giants, who passed his physical and was pronounced fit to pitch again.

The new face belongs to Masanori Murakami, a left-handed relief specialist called up by the Giants, who will become the first native-born Japanese to play for an American major league team.

The old head belongs to Sad Sam Jones, a 38-year-old right-hander purchased by Baltimore to bolster its pitching staff in the American League pennant scramble.

BACK TO WORK
Koufax, the winningest pitcher in the majors with a 19-5 record and a 1.74 earned run average, underwent an examination on his inflamed left elbow in Los Angeles and was told not to attempt to pitch any more this season.

Marichal, a 15-game winner who has been virtually idle since July 29, underwent an examination in New York, where the Giants are scheduled to start a series with the Mets. He was told there was no trace of the pinched nerve in his back that has been bothering him.

While Marichal returns to the Giants, Murakami was called up from San Francisco's Fresno farm club in the California League, where he compiled an 11-7 record in relief with a 1.78 ERA. Murakami, 20, struck out 157 batters while walking only 33.

In his first year as a profes-

Arnold Palmer Is Top Money Winner

DUNEDIN, Fla. (AP) — Arnold Palmer has been coming in second for the fat purses on professional golf's tournament trail recently.

He has played in 22 tournaments and has won only two, but is on top of the list of the 10 leading money winners with \$110,743, the Professional Golfers Association said Monday.

Jack Nicklaus dropped to second place at \$101,917. Tony Lema was third with \$72,555.

Tony Oliva Seems To Have Crown

KANSAS CITY (AP) — Carl Yastrzemski, 40 points down in the statistics and somewhat down in the mouth, has conceded his American League batting title to Minnesota's brilliant rookie Tony Oliva.

"He'd have to fall into a real slump for anyone to beat him," Yaz said Monday of the young Cuban, who now is hitting .335 to Yastrzemski's .295.

MONDAY'S STARS
BATTING — Wes Parker, Dodgers, hit his first home run of the year and two singles in a 12-3 victory over St. Louis.

PITCHING — Don Drysdale, Dodgers, struck out 12 Cardinal batters, bringing his season total to 201 — second only to teammate Sandy Koufax — and won his 15th game as the Dodgers snapped St. Louis' six-game winning streak.

sional player, Murakami was one of three Japanese players signed by the Giants earlier this year.

The American League leading Orioles, meanwhile, pulled off a big surprise by dipping into the minors and purchasing Jones from Columbus of the International League for cash estimated in the neighborhood of the \$20,000 waiver price and a minor league player to be named later.

"I wanted someone with experience," said Manager Hank Bauer.

Jones has a background of 11 seasons in the majors, during which he won 102 games and lost 101. He pitched two no-hitters and was named the outstanding pitcher in the National League when he posted a 21-15 record for San Francisco in 1959.

COWBOYS CALL ROACH BACK TO GRIDIRON DUTY

By DICK COUCH
Eddie LeBaron had his undersized shoulder pads dusted off and his bags packed but the phone call from Dallas never came.

LeBaron, the 5-foot-7, 165-pound aerial magician who quit the Dallas Cowboys last December after 11 National Football League seasons, made it known Monday that he would consider returning for another year if his old club, weakened by the knee injury to quarterback Don Meredith, so wished.

The Cowboys, however, ignored Eddie's offer and lured another veteran signal-caller, 31-year-old John Roach, out of retirement to meet the emergency.

"GOOD YEARS LEFT"

Roach, who understudied Bart Starr at Green Bay in 1963, belonged to the Packers so the Cowboys traded a future draft choice for his contract. The six-year NFL veteran, who works for an investment firm in Dallas, welcomed a return to the game in the same city.

Cowboys' Coach Tom Landry said Roach was approached "because he has a number of years left in which he can play with us if he wants to whereas LeBaron would have been a one-season proposition."

Meredith, whose knee was hurt in last Saturday's exhibition loss to Green Bay, may not be out as long as had been thought. Team doctors examined the knee Monday and will make further tests next week. The former SMU star may be ready for the Cowboys' NFL opener against St. Louis Sept. 12.

The acquisition of Roach — and two squad cuts — left Dallas one over the 43-player limit to be reached today. The Cowboys released defensive tackle Benny Boyd and fullback Wendell Hayes.

Baltimore reduced its roster to 43 — plus recently-acquired fullback Joe Don Looney — by placing fullback Roy Walker on waivers. Looney, bothered by a leg injury, will not count on the list until he can play.

American Football League clubs also had until today to trim their squads to 39 players. Boston reached the limit when linebacker Don McKinnon, out with a fractured hip, was placed on the injured deferred list. Buffalo cut end Bill Nies but was still several men over the limit.

NEWPORT, R.I. (AP) — Partly cloudy weather was predicted again today for the fog-delayed resumption of defending and challenging competition in the America's Cup trials.

Fog Monday caused the third successive cancellation of the trials but the U.S. selection committee said Constellation and American Eagle, the two surviving U.S. boats, would race at all possible.

PHILS GOING TO BE TOUGH TO OVERTAKE

PHILADELPHIA (AP) — If September is as good to the Philadelphia Phillies as August was, the National League leaders will have good reason to enlarge the seating capacity at Connie Mack Stadium.

The club has asked baseball commissioner Ford Frick for permission to install more seats in case they should win the pennant. If they do as well in the last month of the regular season as they did this past month, they'll need 'em.

The Phillies' day off Monday gave statisticians a chance to start counting on their fingers and come up with some figures to support what Phillies fans have been saying all the while—the Phils are going to be rough to catch.

19 AND 10 IN AUG.

As a starter, they're 5½ games ahead of second-place Cincinnati, with only 33 games left to play.

Despite a recent road trip in which they lost four of six, they registered their most successful full month of the season—19 wins and 10 losses.

They play the next 11 games at home, leaving seven more at Connie Mack this season.

First to visit the Philadelphia park is the Houston Colt club.

Nigeria is as large as Texas and Oklahoma combined.

Decision Soon On New Bowl Site

ATLANTA (AP) — Athletic Director Bobby Dodd of Georgia Tech says a decision may be made by Sept. 16 on whether Tech's Grant Field will be used as the new site for the All-America Bowl football game.

Approval is needed from the university system board of regents and the Georgia Tech athletic board before transfer of the game from its Buffalo, N.Y., home to Tech's stadium can be arranged.

Dodd estimated that the game would draw between 35,000 and 50,000 spectators at Grant Field. In the four years of its existence at Buffalo, the game has been drawing only about 20,000.

BAASTAD, Sweden (AP) — Having eliminated the rest of the field, the Australian Davis Cup squad now can concentrate on regaining the Cup from the U.S. team in the Challenge Round in Cleveland, Sept. 25-27.

Coach Harry Hopman's Aussie team completed a 5-0 sweep of Sweden in the interzone final Monday when Roy Emerson and Fred Stolle won their singles matches.

here for a three-game series beginning tonight. Then come the third-place San Francisco Giants, Los Angeles Dodgers and St. Louis Cardinals.

But to manager Gene Mauch, the most important number is one. He insists his team will play 'em one at a time, without looking too far ahead.

Dodd estimated that the game would draw between 35,000 and 50,000 spectators at Grant Field. In the four years of its existence at Buffalo, the game has been drawing only about 20,000.

BAASTAD, Sweden (AP) — Having eliminated the rest of the field, the Australian Davis Cup squad now can concentrate on regaining the Cup from the U.S. team in the Challenge Round in Cleveland, Sept. 25-27.

Coach Harry Hopman's Aussie team completed a 5-0 sweep of Sweden in the interzone final Monday when Roy Emerson and Fred Stolle won their singles matches.

But to manager Gene Mauch, the most important number is one. He insists his team will play 'em one at a time, without looking too far ahead.

Decision Soon On New Bowl Site

ATLANTA (AP) — Athletic Director Bobby Dodd of Georgia Tech says a decision may be made by Sept. 16 on whether Tech's Grant Field will be used as the new site for the All-America Bowl football game.

Approval is needed from the university system board of regents and the Georgia Tech athletic board before transfer of the game from its Buffalo, N.Y., home to Tech's stadium can be arranged.

Bullets Begin Football Drills With Group Of 43; 16 Lettermen On Squad

Forty-three candidates were on hand early Monday morning as Gettysburg College opened its annual preseason football camp. Head coach, Gene Haas, starting his eighth season at the Bul-

let helm, was on hand to greet the turnout.

The candidates took their physical examinations and a physical fitness test in the morning. The afternoon was spent before the cameras for the yearly picture day.

Listed among the candidates are 16 lettermen who will form the nucleus for this season's squad. Twelve of the 16 veterans were members of the first two teams a year ago which posted a 5-4 record, the first winning campaign in four years. This year's letter winners include co-captains Ken Snyder, flanker and Mark Snyder, end; Dale Boyd, flanker; Ron Brentzel, guard; Bob Furney, center; Lloyd Grumbein, tackle; Al Hallam, end; John Hilly, tackle; Rod Kuhn, guard; Jay Miller, guard; Pat Noonan, end; Tony Presogna, halfback; Barry Shaw, end; Jim Stouffer, tackle; Jim Strohecker, tackle; and Irvin Ward, quarterback.

ADDITIONAL RETURNEES
Haas will also be counting on the services of several potential-

ly strong returnees who were unable to compete last season. Besides end Barry Shaw, these include center Ray Frick, 6'4", 225 pounds; Tom Hardy, end, 6'4", 210; Vince Majkowski, end, 6'3", 195, and end Dick Masin, 6'2", 200.

STAGE IS SET FOR EXPLOSION IN CAMPAIGN

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — This year's political campaign is the kind that can get out of control. The potshots from both sides, with the possibility of one word leading to another, have the built-in potential of an explosion.

Sen. Barry Goldwater, after calling his rival, President Johnson, a phony and the "biggest faker in the United States," said he will conduct the campaign solely on the issues and will not engage in "personal attack."

But his team is attacking. Goldwater's vice-presidential running-mate, Rep. William E. Miller, says Johnson's wealth makes his integrity subject to "some question" and that he hopes integrity and morality in office would always be an issue.

BURCH ATTACKS
Sunday Dean Burch, Goldwater's handpicked chairman of the Republican National Committee, called Johnson "cynical" and said the way the President got his wealth "raises a very singular moral question."

On the "Face the Nation" television show Burch said of Johnson in connection with Negro riots in Northern cities so far this year: "He is not the type of example that lends itself to absolute law and order."

"I think that cynicism has been established by his going along with the idea that let's stop the riots until Nov. 3, until the election is over, and then you can have all the riots you want."

Burch was asked whether he was seriously suggesting that Johnson just wants a moratorium until Nov. 3 on rioting and after that has no concern about the matter.

WANTS MORATORIUM
"No," Burch said, "I would not suggest that he has no concern. But I would certainly suggest he wants a moratorium on rioting."

Johnson, in accepting the Democratic presidential nomination last week, never mentioned Goldwater's name and told the nation the Democrats wanted no part of "fear or smear."

But his speech contained a lot of indirect assaults on Goldwater whom he pictured as a reactionary without naming him. At the same time Johnson talked of turning the other cheek.

ANGRY RETORT
Yet, Goldwater had previously provoked him into an angry retort by criticizing Johnson's handling of Viet Nam. The President said Goldwater had committed a disservice to the country and the world.

It's doubtful Johnson will be able to maintain throughout the campaign the same kind of aloofness he tried in his acceptance speech if he has to put up with much of the Goldwater-Miller-Burch kind of attack.

If he gets harsh with Goldwater it's going to be interesting to see how the Arizona senator stands up under it. Goldwater has already been given a taste of what he can expect from Sen. Hubert H. Humphrey.

HUMPHREY ACCUSES
On the same night Johnson in Atlantic City was urging against "fear or smear" and fixing his oratorical eyes on lofty goals, Humphrey, accepting the vice-presidential nomination, went after Goldwater barehanded and by name.

He accused him of extremism, passion, radical language, recklessness, and being out of step with a majority of the Republicans in Congress.

Among the first pieces of equipment politicians usually acquire are shock-absorbers but this campaign looks like a rocky road for all concerned, so rocky that explosions even this early look like a safe prediction.

Mr. Paul Roy
The Gettysburg Times
Gettysburg, Pa.
Dear Mr. Roy:

As a past president of the Junior Woman's Club I wish to express the appreciation of the members of the Woman's Community Club and the Junior Woman's Club for the fine cooperation we receive from your newspaper. The amount of space given annually to our club projects is inestimable. With all the communication media available these days, it is still the newspaper that puts information into our hands in retainable form—to be read, digested and kept.

The Woman's Club and the Junior Woman's Club are members of the General Federation of Women's Clubs, the largest group of organized women in the world, having 11,000,000 members in 15,500 clubs in the United States and in 54 other countries. The General Federation program in this administration highlights an extensive campaign to obliterate illiteracy from the United States and throughout the world; a Dimes for Liberty project to help build the Museum of Immigration at the base of the Statue of Liberty; cooperation in building the Cathedral of the Pines as a memorial to women who have died in all our wars, and many other worthwhile projects.

However, our clubs have the privilege of choosing any project we wish to emphasize, always keeping in mind the needs of our local community.

The President of the General Federation has declared that the General Federation of Women's Clubs has always strongly advocated the freedom of the press and that it has never been more important than it is today when more than half the countries of the world live under a partial or complete blackout of news through censorship.

Again accept our deep thanks and all good wishes,

Sincerely,
Mrs. Bernard Kehil
Past President,

The Editor
The Times
Times & News Publishing Co.
Gettysburg, Pa.
Gentlemen:

As a resident of the 19th Congressional District I have read with interest the various articles appearing in The Times regarding the activities of our Congressman.

A few weeks ago he voted against the Urban Transportation Bill.

A short time back he voted against the Federal Pay Raise. This past week he voted against the Antipoverty Bill, especially designated to be of aid to the Appalachian areas, including a large portion of our Commonwealth.

This past Friday I received in the mail, no doubt along with many other constituents, a "Report from Congressman Goodling."

I don't know what Mr. Goodling's activities were prior to his representing this district, but I feel both the nation at large, and the residents of the 19th Congressional District would be better served if Mr. Goodling were to return to his previous preoccupation following the election this November.

Inter alia, Mr. Goodling termed the previous week as being "Santa Claus week for members of the Armed Services and Federal employees" because of the recent pay increase signed into law. Many persons in the Federal Service, both Armed Forces members and Civil Service employees devote their entire lives to the service of their country, and are no less entitled to increments in compensation than any other member of society. It is despicable to think that our congressman terms such pay increments as a "gift from Santa Claus" in-

stead of a well deserved pay increase.

As for Mr. Goodling's comment regarding an anticipated Gross National Product of 618½ billion dollars, and that we are planning deficit financing while our GNP is at an all time high, he further comments, "Either the planners are stupid or I am." The facts would indicate the latter is more so truthful than the former.

In the first place a high or increasing GNP does not necessarily indicate a surplus of funds for the Federal Government.

Secondly, unlike private business, Government accounting does not separate capital investment from operating expenses.

Thirdly, capital investments, when made by the Federal Government are in fact public investments in wealth producing assets which are an essential portion of the formation of capital which both modern business and individuals in society need.

Our lives today are lived in a complex and interdependent industrial society. Persons out of work in another part of the country, and particularly in the state have a direct effect on the purchasing and investment power even in those areas not counted as being "economically blighted."

Mr. Goodling can sing his song of fiscal conservatism, but in lacking the knowledge of what makes our economic system "tick," his words are in reality "penny-wise and pound-foolish." Many Pennsylvanians are in need of training and retraining, in order to be able to achieve a level of self-sustaining employment, particularly in the depressed mining areas of the state, and these persons who would make future economic progress on their own after receiving new "tools" so-to-speak, would no longer be a burden to our state welfare rolls, and as well, even more important would gain the self respect from being able to earn a living on his own.

The voters of the 19th Congressional District should note well Mr. Goodling's actions and words, certainly which are not for the good of his constituents, nor for that matter for other Americans, and send to office for this next term, whoever his opponent happens to be.

Very truly yours,
ARNOLD J. FALK

To the Community
of Gettysburg
Gettysburg, Pa.

Since two weeks I have been back in my homeland. I was very happy to see my family and old friends again, but many times my thoughts are still in the U.S.A. I want to take this opportunity to thank the community of Gettysburg for having let me share their way of living for a year. It was an experience I will never forget. Before I arrived in Gettysburg, I never expected to be so cordially welcomed in every home and organization as it turned out to be. Within a very short time I felt at home in your community, and Gettysburg will always stay to be my American home.

Very soon I will have to back to high school, the "Gymnasium." I have two more years before graduation. The last two years in our high school, however, are equivalent to your first two years of college. Because the German education system is so different from the American, I will have to study hard to skip the school year I spent in America.

Right now I am still enjoying my vacations. Many friends are coming to see me, eager to hear about my experiences in the U.S.A. I like to show them pictures of the battlefield and tell them about my American school life.

I would love to come back sometime in the future. The world is getting smaller and smaller, I am sure it will be possible for me to return in some years in order to see my Gettysburgian friends again. But I do hope that I can greet many of you in

Harrisburg Horse Show In October

HARRISBURG (AP) — The United States, Brazil, Mexico, Argentina, and Canada will compete this year for the international jumping title at the 1964 Pennsylvania National Horse Show.

The show will be on display from Oct. 17-24 at the State Farm Show Arena in Harrisburg.

Last year, the U.S. riders won top international honors at the show by outperforming entries from Canada and Argentina.

This will mark Brazil's first appearance in Harrisburg since 1958, while the Mexicans will be back after a year's absence. The show will offer more than \$34,000 in prize money in 151 different classes.

Police Curbed
Some individual policemen told newsmen they had been ordered not to interfere with the looting while the riots were in full swing. However, Tate denied this. And John P. Harrington, president of the local Fraternal Order of Police, said he was "perfectly satisfied" with Mayor Tate's handling of the situation.

Police commissioner Howard Leary said he thought his men "performed admirably in their restraint."

W. Thacher Longstreth, executive vice president of the Chamber of Commerce, issued a state-

ment saying that "Mayor Tate and his administration and the field forces at work are to be highly complimented." He noted that only "a relatively slight area" of the city had been hit.

RESTRAINED ACTION
"Confining it to one area without loss of life called for difficult decisions and resolute but restrained action," said Norman Blumberg, president of the Philadelphia AFL-CIO council.

The Philadelphia Inquirer, in an editorial, said the riots were "spurred by young thugs who have become accustomed to controlling the streets in their neighborhoods."

"The plain, unhappy facts," said the Inquirer, "is that police cannot exercise routine day-by-day control over street gangs in this city. How, then, are riots to be quelled?"

WILL IGNORE NBA RULING
NORFOLK, Va. (AP)—A decision of the World Boxing Association to enforce a ban on a return Cassius Clay-Sonny Liston bout has drawn a "so what" reaction.

"We plan to enforce our ban of the return bout to our fullest extent," WBA Commissioner Abe J. Greene said at the wind-up of the group's convention last weekend.

"If that's the stand on the WBA, we'll ignore it," replied Harold Conrad, spokesman for Inter-Continental Promotions, an outfit in which Liston had stock that has the promotion rights for the Liston-Clay rematch.

"Somewhere in the United States the fight will go on in November," Conrad said.

And Bill Faversham, who heads the group sponsoring champion Clay, said the WBA can't succeed in its threat to declare the title vacant if Clay defends against former champion Liston.

PTAs Can Expect Criticism From Right-Wing Groups

WASHINGTON, D. C. — As schools open this fall, perhaps one of every 30 school districts in this country can look forward to a period of coping with irresponsible and extreme attacks on its policies . . . its curriculum . . . its personnel . . . or its books.

PTA groups can also expect their share of violent criticism. So say officials of such groups as the National Education Association, the National Congress of Parents and Teachers, and others.

They point out that every school wants and needs criticism . . . the responsible reasoned criticism from which school officials and community leaders can draw ideas to improve educational services to children.

ATTACKED TEACHERS

But last year there were 1,000 school districts plagued by attempts to curtail academic freedom and attacks on professional personnel. Teachers were forced to resign, some were fired outright. School administrators were summarily dismissed with no explanation. Public understanding and support of schools declined to a new low in some communities. In five states, right-wing groups threatened to wrest control of state PTA conventions from rank and file members who had spent years building up a strong constructive organization.

Mrs. Jennelle Moorhead of Eugene, Ore., president of the National Congress of Parents and Teachers, says of these attacks on schools that "extremism is not a force to be ignored. Extremism cannot tolerate the diversity which is the lifeblood of democracy and freedom. It would take away the freedom to teach and to learn . . . would substitute indoctrination for education."

EXPERT ADVICE

What can be done to combat these extreme attacks on schools?

One answer came recently from the executive secretary of the Washington State School Directors' Association. Said Elmer W. Stanley:

Don't fight extremist groups, it gives them stature. Instead, work them hard. Ask their leaders to put their complaints in writing and submit open reports.

Don't be afraid to ask for counsel, preferably early in the game. Here are some of the organizations which can help: State school directors' association, state education associations, superintendents of public instruction, state newspaper or broadcasters' associations.

Don't try to sweep trouble under the rug. Instead, be quick to invite the press, radio, and television stations to help. Be frank with them and tell them the whole truth.

Keep the public informed of what you're doing. If the people know they have good schools they'll pay little attention to wild claims.

Give extremists exposure. Sunlight kills lots of bugs. Some people want to choke off the opposition and drive it underground. Don't be afraid to believe in freedom. If extremists have sufficient exposure people will come to recognize them for what they are.

A Lovelier You

SKIN FOOD. A mature lovely asks: Can the skin really be nourished by the oils in products?

Of what benefit are hormones?

The Answer: The inclusion of hormones in cosmetic products is controversial. Added to face creams, hormones may penetrate and plump the skin under the surface. Some studies claim that hormones are able to revitalize the skin's cells from the outside in.

It is the effect of external use on the system, generally, that is now under study. As hormones are in the realm of medicine, there is wisdom in a doctor's opinion.

There is no question that certain oils in skin-care cosmetics are absorbed to a degree by the skin. Penetration in any case is sufficient to make applications profitable.

Notable among penetrating oils are lanolin and the polysaturates. Both are found in quantity in young, normal skins. Dry,

U. S. Will Launch Largest Satellite

WASHINGTON (AP) — The United States plans to launch late this week its largest scientific satellite, designated OGO — A, for orbiting geophysical observatory.

Carrying 20 scientific experiments contributed by government laboratories and universities, the satellite will be aimed into an orbit looping from 170 miles above the earth out to 92,000 miles.

It will gather data on the atmosphere, the magnetosphere and interplanetary space beyond reach of the earth's magnetic field.

crepey skins are the most deprived. The lack is partly due to the aging process. In the instance of polysaturates, however, a deficiency is often caused by bad dieting.

Reducing or not, an adult woman requires a minimum of one tablespoon of fat a day. For the skin's sake, the allowance should be largely devoted to unsaturated, unhydrogenated vegetable oils. Withering skins show marked improvement when treated to a diet, from within and without, of polysaturates.

BOYLE'S Grab Bag

NEW YORK (AP)—Have you ever noticed how a modern business office comes to life each day?

It is something like a zoo waking up.

Each white collar peon approaches the daily ordeal of coming to work each morning in a way that inevitably shows what kind of a person he is.

Of course, coming to work is for anyone a test of character, and if you will watch the morning parade to duty in your own office you may find some of the following characters familiar:

THE OPTIMIST

The Optimist—He goes immediately to the bulletin board, hoping against hope that overnight the boss has put up an announcement that everybody has been given a 10 per cent merit raise. When he doesn't find it there, he says, trying to find something to be happy about, "Well, anyway, it's only three more days until Friday."

The Hypochondriac—The first thing he does is go from desk to desk to see if anybody happened to leave a pill there from the day before. Since he doesn't really know what ails him, it is only by taking other people's medicine that he can ever find a cure.

SENIOR VICE PRESIDENT

The Senior Vice President — Long years of doing nothing while seeming to be overburdened with cares have made him the best actor in the place.

The Junior Executive — This eager beaver comes in with a briefcase bulging with memos he has written overnight on how to improve the organization. He sends them into the boss, the boss sends them unread into the senior vice president, and the senior vice president fashions the memos, still unread, into paper airplanes and sails them out the window.

TO DEVIATE FROM SCRIPT ADDS HUMOR

By CYNTHIA LOWRY
AP Television-Radio Writer
HOLLYWOOD (AP) — Not all the humor that turns up in television's situation comedies is injected by the writers. Sometimes it is added by collaboration during rehearsals.

The other day on the "Andy Griffith Show" set, the sheriff of Mayberry and his new love, played by Anita Corsaut, were walking through a rehearsal, scripts in hand. The scene required Andy to take lingering leave of the girl in front of his office, to be joined inside by his deputy, played by Don Knotts.

The script had Andy leaning forward to kiss the girl, then turning away to enter the building.

SUGGESTS CHANGE

"That's a little too much," frowned Griffith. "Wouldn't it be better if we sort of made love with our eyes a little bit? I just don't think we'd make physical love in public."

Director Al Rafkin agreed. Griffith thought for a minute, then added: "Wouldn't it be funnier if Don broke it up by walking in between us? Let's try that."

They rehearsed the short scene again. Knotts rushed across the set, cut between the pair and disappeared into the building.

"Boy, that works better," said Griffith with a smile. "That felt wonderful. It's in character, because that's the sort of thing he would do, rush through like that to attract attention."

SPECIAL TECHNIQUES

Each television series has worked out its own special techniques, and CBS' "Andy Griffith Show" during the past four seasons has learned what is best for its players. For one thing, they rehearse the show in sequence. (Most television shows, including Andy's, are filmed scene by scene according to the sets used, not the sequence of action.)

The sheriff of Mayberry, still an elusive widower, may well be television's most fickle character. Miss Corsaut will play his third — or is it fourth? — love interest.

Negotiations are in progress which might extend the life of the series for two more seasons after this, but Don Knotts definitely leaves at the end of this one. He already has signed contracts for films and other television work.

MAJOR OVERHAUL

While our attention was diverted by the activities at Atlantic City, ABC announced a "major overhaul" of its daytime programming starting early in October. It consists of abandoning, after all those tear-stained years, "Queen for a Day," in favor of still another soap opera, "The Young Marrieds," and of changing the title of "The Tennessee Ernie Ford Show" to "Hello, Pea-Pickers."

The creative department of NBC has not been happy — it has changed the name of "The Jack Benny Show" to "The Jack Benny Program."

well, well—is everybody happy?" he chirps, as he makes the rounds slapping everybody on the back. Satisfied he has done all that is humanly possible to build morale, he relapses into his swivel chair and stares at the clock until quitting time.

The Office Grouch—He growls as he hangs up his coat and rolls up his sleeves. For 30 years he has come to work half an hour early so he could spend a longer day hating his fellow workers.

The Neater-Upper—Tidiness is his god. "Everything has its proper place," he mumbles as he gets a dust rag and starts polishing his desk. If he finds one of his paper clips is missing, he mopes about it until lunch time.

Mr. Big Himself—The boss, having lost a breakfast argument with his wife, arrives in no mood for cheery hellos. He needs to have his feeling of authority bolstered. A look of unholy joy comes across his face as he looks at the row of buzzers on his desk, each standing for one of his executives.

He reaches gleefully toward the buzzers as he says aloud to himself, "Who'll I scare first?" Another office day has begun — with business as usual.

TSHOMBE MEN RECAPTURE ALBERTVILLE

LEOPOLDVILLE, the Congo (AP) — Premier Moise Tshombe says his army has recaptured the strategic city of Albertville in the eastern Congo, but Communist-backed rebels are reported on the march again toward Bukavu.

Tshombe personally announced the government victory over Radio Leopoldville Sunday. He said the rebels left behind their weapons in the flight from the city. There was no confirmation from other sources. Tshombe said the rebels still held Albertville Airport, 12 miles from the city.

A spearhead of white mercenaries approached the airport last Thursday but were driven off by machine-gun fire. Five were wounded.

28 EUROPEANS FREED

Tshombe said his troops freed 28 Europeans who had been held hostage. He gave no indication of the fate of about 100 other whites in the city.

Tshombe hopes the recapture of Albertville will give the demoralized Congolese army a psychological boost in its attempt to beat back rebel forces in the northeast Congo. He recently began recruiting white mercenaries, including some veterans of his Katanga secession, after the Congolese army suffered a string of reverses.

Albertville, the main Congolese city on the western shore of Lake Tanganyika, fell under control of rebel leader Gaston Soumialot in June.

Tshombe's latest announcement followed an army report that a strong rebel force was marching on Bukavu, on the eastern Congo border 225 miles north of Albertville.

TONY OLIVA HAS 6 MARKS WITHIN REACH

By MIKE RATHET
Associated Press Sports Writer

Tony Oliva, Minnesota's rookie sensation, is within striking distance of six American League records for first-year players.

Oliva, whose real first name is Pedro, continued his heavy hitting Monday, lashing a double and a single and scoring the winning run as the Twins edged Washington 2-1 in the only American League game scheduled.

LEADING 4 DEPARTMENTS

Oliva adopted his new first name in 1961 when he borrowed his brother Tony's passport to get out of Cuba. Since he's been with the Twins this year he's learned to adapt himself to American League pitching.

The 24-year-old left-handed swinger currently leads the league in four departments — batting, hits, runs scored and doubles while threatening a half-dozen record marks.

SCORED 99 RUNS

Here's the way Oliva and the record-holders compare:

Average — Oliva is hitting .332. Dale Alexander set the AL mark of .343 with Detroit in 1929.

Hits — Oliva has 184. Alexander holds the AL record with 215. The major league record — which may be out of reach — is 223 by Lloyd Waner of Pittsburgh in 1927.

Runs — Oliva has scored 99 times. Joe DiMaggio of the New York Yankees is the AL record.

holder with 132 in 1936. Waner holds the major league record of 133.

OTHER RECORDS NEAR

Doubles — Oliva has 36. Roy Johnson slammed 45 for Detroit in 1929.

Homers — Oliva has 28. Jimmie Hall of the Twins set the AL record with 33 last season.

Total Bases — Oliva has 318. DiMaggio holds the AL record of 367 set in 1936.

Oliva scored what turned out to be the winning run against the Senators when he singled in the fourth inning and came around on a single by Don Mincher and Hall's double. Zoilo Versalles supplied the other run with a third-inning homer.

15TH DRYSDALE WIN

Jim Grant had a three-hit shutout going until the eighth when wildness put him in a jam. Two walks and Don Blasingame's single brought in a Washington run and a Minnesota reliever, Bill Pleis. Pleis struck out pinch hitter Fred Valentine to end the rally.

Backed by Wills' second homer of the season and Parker's first, Drysdale brought his record to 15-13. He struck out 12 Cardinals for a season total of 201 — second only to the 223 fanned by teammate Sandy Koufax.

Drysdale also delivered a key hit as the Dodgers struck for five runs in the fourth inning and put the game out of reach. With two out in the inning, Drysdale tied the score 2-2 with a two-run single.

Wills then walked to load the bases and Dick Tracewski followed with a grounder to third on which Ken Boyer threw wild, enabling three runs to score.

TITTLE KEEPS GIANT HOPES HEALTHY IN '64

By JACK HAND
Associated Press Sports Writer

FAIRFIELD, Conn. (AP) — As long as Y. A. Tittle stays healthy, the New York Giants have to be a threat to win a fourth straight Eastern Conference title in the National Football League.

Despite the exhibition defeats and the trades that disposed of Sam Huff and Dick Modzelewski of the proud defensive unit and Phil King, the Giants' top running back in 1963, Allie Sherman has a pass-happy club that always will be a long-ball threat.

Always, that is as long as Tittle stays in one piece. Perhaps an experienced backup quarterback will be acquired before the season starts. As of now, the chores will fall on rookie Gary Wood of Cornell, an Ivy League who was drafted as a defensive back.

NO SIGN OF INJURY

Tittle has shown no signs of the knee injury that he suffered in the championship game loss to the Chicago Bears last December.

Tittle went out of last Saturday's exhibition against Washington with a similar knee injury, but it was not regarded as serious. Y. A. said he could have returned to the game but Sherman kept him on the bench as a precaution and gave Wood an other chance to perform.

The rookie responded by throwing three touchdown passes against Philadelphia.

TRAFFIC SHOCKERS

Ball control, the Giants will not have, unless they have some more deals up their sleeves. The offense must go strong for the pass to Del Shofner, Aaron Thomas, Frank Gifford or newly acquired R. C. Owens, while Dick James, Alex Webster and Joe Morris chunk out a few yards on the ground.

The startling off-season trades of Mo and Huff were followed by two more shockers last week. King went to Pittsburgh, despite a shortage of running backs. Joe Don Looney, drafted No. 1 as a potential runner, was peddled to Baltimore before he ever carried the ball for the Giants.

NO. 1 FASER

The reactivation of Andy Robustelli, who had retired as a defensive end to become a full time coach, marks a concession to a shaken defensive unit.

Sherman, of course, has the No. 1 passer in pro football in Tittle, the 37-year-old bald eagle who set a league record last year with 36 touchdown passes. Shofner, Gifford and Morrison have been his favorite targets and now Owens, an old San Francisco mate, has been added. Thomas and Bobby Crespino, acquired from Cleveland, have been battling Joe Walton for the tight end job.

Eastern League

By THE ASSOCIATED PRESS

The Elmira Pioneers fattened their Eastern League lead Monday night with a convincing double-header sweep of the Williamsport Mets, 9-3 and 7-6.

The strong arm of hurler John Bogg was the valuable asset for the Pioneers. Hogg picked up the win in the opening game, as Elmira broke a 3-2 tie with six runs in the ninth inning.

Then he came on in the final inning of the nightcap to stem a late Met rally and hold the 7-6 decision for the league leaders, who are now three games up in the Springfield Giants. Carl Nelson (7-10) took the loss for the Mets in the opener as Hogg registered his ninth win in 17 decisions.

Hogg saved the win for Bob Olson (8-3) in the second game as Ray Apple took the loss, his sixth in nine decisions.

The Springfield Giants whipped the York White Roses, 8-0, as Joe Overton made a one-man game of it. The Giant hurler gave up just seven hits, while striking out 12 and getting three hits himself, driving in one run and scoring another. Harley Anderson (7-3) got the loss as Overton recorded his 13th win against nine defeats.

The Charleston Indians took the measure of the Reading Red Sox, 5-3, on Tom Kelley's fourth pitching. The Indians scored enough off losing Sox pitcher Bill Prout in the first inning, tallying four times. Kelley's record is now 9-8; Prout is 12-6.

Proves GOP Ticket Is Behind Times

OLYMPIA, Wash. (AP) — An aide to Gov. Albert Rosellini says he has proof the Republican national ticket of Sen. Barry Goldwater and Rep. William Miller is way behind the times.

The governor's press secretary, Calvin Johnson, showed a letter Monday from the Goldwater-Miller Washington, D. C., headquarters.

It was addressed to "The Hon. Arthur B. Langlie, Gov. of the state of Wash., Olympia, Wash."

Republican Langlie served from 1941-45 and again from 1949-57.

Rosellini is a Democrat.

21 PROMOTIONS

HARRISBURG (AP) — The state police is promoting 10 corporals and 11 troopers, effective Sept. 3.

Some of the promotions, announced Monday, were accompanied by transfers, which will be effective Sept. 16.

pies.

This should give you some kind of an idea of the record-busting spree expected to brighten up the Olympic swimming championships at Tokyo, Oct. 10-24.

Miss Ramenofsky, who just turned 18 on Aug. 20, came out of nowhere to top the women's world list for 400-meter freestyle with a best time of 4:45.

This year the Pomona State-bound brunette has repeatedly hammered down one of swimming's hardest world records — the 4:44.5 set by Olympic queen Chris Von Saltza in the 1960 Olympic trials at Detroit.

Sheriff's Sale

IN PURSUANCE of a Writ of Execution, Judgment No. 292, August Term, 1964, issuing out of the Court of Common Pleas of Adams County, Pa., to be directed, will be exposed to Public Sale on SATURDAY, the 12th day of September, 1964, at 10:00 a.m. in the forenoon at the Courthouse in the Borough of Gettysburg, Adams County, Pa., the following Real Estate, viz: All that tract of land situate in Menallen Township, Adams County, Pennsylvania, bounded and described as follows:

BEGINNING at an iron pin along the eastern side of the public road leading from the Wenkville-Bendersville Road to the Coon Road at corner of land of Harry Heller; thence by land of Harry Heller South 8 degrees 7 minutes East 324.74 feet to a point; thence by land of Orville Baldwin South 61 degrees 51 minutes East 155.41 feet to an iron pin; thence by the same South 79 degrees 8 minutes East 115.42 feet to a stone; thence by land of Harry Heller South 40 degrees 3 minutes West 228.55 feet to the same North 85 degrees West 118.85 feet to an iron pin; the place of BEGINNING. CONTAINING 1 acre and 20 perches.

Said tract of land being the same which was conveyed unto Freeman G. Kuhn and Hilda S. Kuhn, husband and wife, by a deed recorded in Deed Book 241 at Page 203.

IMPROVED with a two and one-half-story frame dwelling house, small barn and shed.

Seized and taken into execution as the property of Freeman G. Kuhn and Hilda S. Kuhn, and to be sold by me DAWSON R. MILLER, Sheriff

Sheriff's Office Gettysburg, Pa. August 12, 1964.

TO ALL PARTIES IN INTEREST AND CLAIMANTS: You are notified that a schedule of distribution will be filed by the Sheriff in his office on September 25, 1964, and distribution will be made in accordance with said schedule, unless exceptions are filed thereto within 10 days after the filing thereof. Purchaser must settle for property on or before filing date.

All claims to property must be filed with Sheriff before sale.

TROT CLASSIC WEDNESDAY; AYRES IS NO. 7

DU QUOIN, Ill. (AP) — There is a little talk of a mile record being broken in Wednesday's Hambletonian although the unofficial even-money favorite, Ayres, has shown tendencies of being a speed maniac.

In the first place, the record of 1:57 3-5 set by Floris in the first heat last year is spectacularly low.

If there is a record shot, however, it again could come in the first heat as the small field of nine colts form a single tier line behind the mobile starting gate for trotting's premier event.

Given good weather, the red clay mile oval of the Du Quoin State Fairgrounds, where betting is banned, can be as fast as a drag strip.

Ayres, the little hot rod to be driven by John Simpson Sr., will come out of the No. 7 slot.

Horses towards the rail probably will try to keep Ayres on the outside as long as possible, thus making him trot farther or faster, if he wants to get far enough ahead to cut towards the inside.

Under this pressure, there is a chance of a record. Inside Ayres in the post positions are No. 1 Dartmouth, No. 2 Speedy Count, No. 3 Big John, No. 4 Scribe Rodney, No. 5 Sasebo and No. 6 Rain Water.

In the two spots outside of Ayres are No. 8 Speedy Rodney and No. 9 Bedevil.

Given the best chance to challenge Ayres are Speedy Count and Speedy Rodney, listed as 5-2 and 5-1, respectively.

The first horse to win two heats becomes the Hambletonian champion. Post positions for the second heat are determined on order of finish in the first. Thus, if Ayrs wins the first he will be parked on the rail in the No. 1 spot for the second.

PHILS PLAN EXTRA SEATS

PHILADELPHIA (AP)—The Philadelphia Phillies plan to install temporary box seats in front of the present ones along the first and third base lines—in case the club should win the National League pennant.

The team must receive permission from Baseball Commissioner Ford Frick before the additional World Series seating can be installed.

The Phillies Monday called up two players from their Arkansas farm team in the Pacific Coast League. Pitcher Bobby Locke and outfielder Adolfo Phillips are expected to report in time for tonight's game against Houston in Philadelphia.

The club is permitted to increase the number of players on the roster as of today.

Fully-Ripened Melons Are Good Source Of Vitamins

By MRS. HELEN D. TUNISON
Home Economist

MRS. TUNISON

Treat your family to cantaloupe, honeydew, and watermelon while they are in season. Chilled melon sections are refreshing on a warm day.

In addition to flavor, fresh cantaloupe is a good source of vitamin A and ascorbic acid while honeydew and watermelon are fair sources of ascorbic acid.

Whatever your favorite melon, you usually don't get good quality by chance; you need to know how to select it. Sweetness and flavor in melons reach their peak when melons are full-ripe. This ripeness stage is shown in most melons by a slight softening of the small area around the eye or blossom end. The melon will yield slightly to moderate pressure at the blossom end.

Distinctive odor that comes with melons is another sign of ripeness. The characteristic odor is greatest when melons are fully ripe. In some kinds of melons, color changing from green or gray-green toward a yellowish tinge means increased ripeness and more flavor.

Since the distinctive odor of ripe melon readily mingles with other foods in the refrigerator, wrap fruit in waxed paper or place in a plastic bag before storing. If you select a melon that is immature, it will ripen in several days at room temperature.

PROMPT STAIN REMOVAL

Some days it seems almost everything children touch, eat, or rub against leaves spots on their clothing. These stains needn't stump you if you treat them while fresh or before they have been set with a hot iron or hot water.

It's a good idea to check children's garments each day for stains. If you see a spot, find out if it is greasy, non-greasy, or a combination of greasy and non-greasy substances. Also decide if the fabric is washable or nonwashable.

Before you use a stain remover make sure the remover won't harm the fabric or change the appearance of the treated area. Always test the stain remover on a seam allowance, inside of pocket, tail of blouse or shirt, or other hidden spot.

If there is a question of whether a fabric is washable or if you question your ability to cope with a stain, consult your dry cleaner. For information on removing specific spots and stains, contact the Extension Office, 111 Baltimore St., for a copy of Special Circular 61, "Spot and Stain Removal."

INSURING CHILDREN

To buy or not to buy life insurance on the children is a question parents must face.

Persons who favor life insurance on children give many reasons for it. But only one is directly related to protecting children's future earning power. This is the reason — a person is more likely to be insurable as a child than he is as an adult because of chronic illnesses or permanent injuries that may occur before adulthood.

Other reasons given for buying insurance for children include: Saving for their college education and helping children develop the habit of regular saving. Since there are other ways

to save for their education and to help children learn to save, parents will need to decide which is best for their situation.

Who will pay the premium on the child's policy if the breadwinner dies depends on whether the policy has a payer clause. A payer clause cancels any premiums for a certain period after the breadwinner dies. When the insured child becomes a certain age, often 21, he is expected to resume paying the premiums. Without the payer clause, the family may have to give up the policy when the breadwinner dies.

NEW FARM HOME

Planning a new farm home can mean many happy hours for the whole family. Because a house will probably constitute one of the largest investments you will ever make, plan it carefully for your special requirements.

Farm home plans of various sizes and designs have been developed by architects, engineers, and home economists of the U.S. Department of Agriculture and the States. Working drawings of these plans are available through your county agent or from the extension agricultural engineer at your state agricultural college.

Small families or elderly couples will be interested in the compact, reasonably priced 2-bedroom houses described in Plan Nos. 7160, 7158, 7157, 7156, and 7149. Plan No. 7163 is for a house with a basement that could be used for extra bedrooms, a farm office, or sewing or recreation space. Plan No. 7156 is designed as an expandable house — the main part could be completed and lived in, and the bedrooms, porch, and carport could be added as time and money permit.

For established farms where the family has outgrown a smaller dwelling, Plan No. 7165 for 3-bedroom homes, and 7162 for a 4-bedroom home are especially suitable. Ask for the drawings by number from your Extension Office, 111 Baltimore St., Gettysburg. There is usually a small charge.

Says Phila. Riots Hurt Negro Cause

PHILADELPHIA (AP)—The Most Rev. John J. Krol, Archbishop of Philadelphia, says Negro rioting in North Philadelphia this past weekend will have an adverse effect "on some of the just aspirations of our good Negro people."

"If this outbreak was planned," Archbishop Krol said after seeing the effects of the wholesale vandalism, "it could not have been planned by true friends of the Negro people."

He said it was "most regrettable" that some of the people in the area followed "such false leadership" in the plundering and violence.

He urged that this Sunday be a day of prayer and reparation in all churches in the city so that the "stain may be removed from the good name of our city."

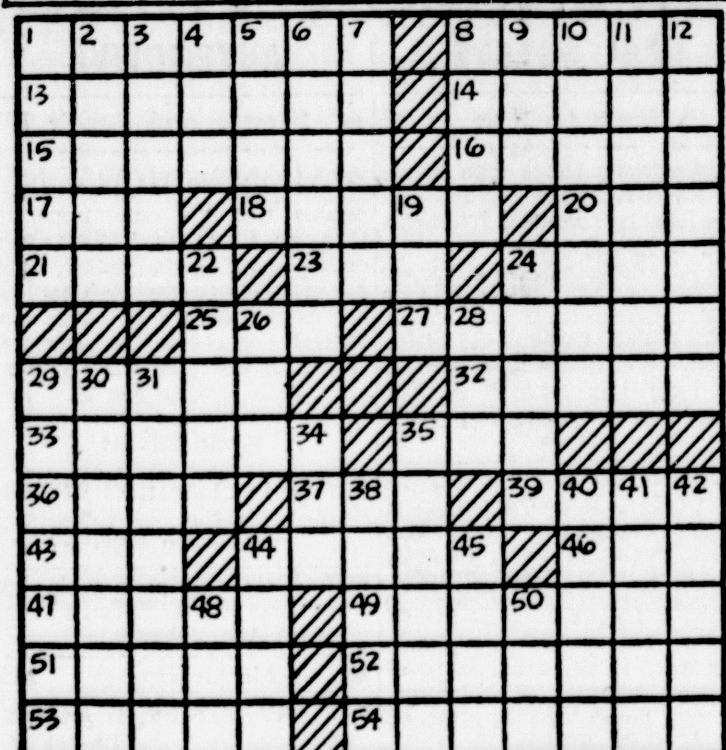

RECORDERS CONVENE

JOHNSTOWN, Pa. (AP)—Some 150 delegates arrived Monday for the opening of the annual convention of the State Recorder of Deeds Association.

The three-day meeting winds up Wednesday with the election of officers and a banquet.

William Rittenhouse established the first papermill at Germantown, Pa., in 1690.

4,410 TRAFFIC TOLL HIGHEST

CHICAGO (AP)—There were 4,410 traffic accident deaths in the nation during July, the National Safety Council said today—more than for any single month in the motoring history.

By comparison, the U.S. Marines during the three-year Korean war lost a total of 4,267 killed in battle.

The record July toll supplanted that of August 1963 when 4,310 were killed in accidents on streets and highways. It was 11 per cent greater than for July last year when 3,970 deaths were counted.

The number of traffic fatalities for the first seven months of this year was 25,630, an increase of 11 per cent over the 23,010 for the same seven months of 1963.

Howard Pyle, president of the safety council, commented that traffic accidents are becoming one of the country's most critical social problems. In the 5-to-24 age group, he said, "more people die from traffic accidents than from any other cause."

"Traffic accidents today," Pyle said, "are the fifth leading cause of death" with only heart disease, cancer, strokes and pneumonia ending greater numbers of lives.

WASHINGTON (AP)—Dr. Walter K. Myers, 61, nationally known heart and rheumatic disease specialist and a life trustee of the National Geographic Society, died Monday of heart disease.

Sgt. York Remains In Grave Condition

NASHVILLE, Tenn. (AP)—Doctors watching Sgt. Alvin York's latest battle with death reported early today the 76-year-old Medal of Honor winner remained in "very grave" condition.

Members of the family waited at the bedside of the hero of World War I, who doctors said was suffering from an acute urinary tract infection. York has been hospitalized 11 times in the past two years.

The old soldier, bedridden since 1954, killed 25 Germans and captured 132 others in the Argonne Forest in France in 1918.

River Pilot Runs Own Boat Aground

NEW ORLEANS, La. (AP)—Capt. George S. Vincent Sr., has been piloting ocean-going vessels through the shallow channels of the muddy Mississippi for years.

Not once, have any of the huge vessels—some of which draw 40 feet—had any trouble with Vincent on the bridge.

The veteran pilot took his own boat, a 33-foot pleasure craft which draws three feet, on a fishing trip over the weekend. He ran aground.

40 MILES OF INTERSTATE TO BE OPENED

HARRISBURG (AP)—The State Highways Department said Monday it expects to open an additional 40 miles of interstate highway during the next three months.

More than half of Pennsylvania's 1,575-mile interstate network already is in use, the department said, while the balance of 781 miles is under construction or on the drawing boards.

The department said it expects to open these sections before Dec. 1.

LIST FALL OPENINGS

Interstate 80—Almost four miles in Monroe County from Scotrun to Pocono Summit will be connected in November to previously opened segments. This will provide more than 20 miles of continuous expressway from the Delaware Water Gap to Pocono Summit.

Interstate 80—Two miles will be opened in September from the Route 147 interchange north of Milton, Northumberland County, to the U.S. 15 interchange near New Columbia, Union County. This includes the twin bridges across the west branch of the Susquehanna River and makes available a total of almost 15 miles from the Danville interchange, Montour County, to the U.S. 15 connection.

NEARBY SECTION

Interstate 81—Completion of 23 miles in Franklin County will take place during October from Shippenburg, Cumberland County, to Greencastle, Franklin County. This will complete the 52-mile segment of Interstate 81 from the Middlesex interchange of the Pennsylvania Turnpike to the Maryland line.

Interstate 81—Another five-mile link will be opened in November from the Wilkes-Barre interchange with Route 115 south of Ashley. It will enable traffic to bypass Wilkes-Barre and provide 12 miles of completed roadway from Dupont to Ashley.

Interstate 95—Approximately six miles will be opened early in September in Bucks County between Rogers Road and Woodhaven Road in suburban Philadelphia.
